

Professional Post-Acne Recovery Facial

Service Time: 50 Minutes.

- Purpose:** Recommended a few weeks after a Pore Perfection Radiance Treatment. Tailored for individuals with acne scars and blemishes, without active inflammations or pustules. If the client has undergone Roaccutane treatment, this facial can be performed 9-12 months after completing the medication to ensure that the skin's resilience and pH have recovered, and the skin is no longer sensitive. This facial combines specialized products and techniques to reduce acne scars, improve skin texture and tone, boost collagen production, renew the skin's surface, enhance overall skin health and glow, and achieve a more even and attractive complexion.
- Indications:** This treatment is recommended to be performed every two or three weeks, depending on the skin's sensitivity, during non-sunny seasons, for a total of 5 sessions to achieve the best results. This set of treatments can be repeated every year to achieve the best results. It is essential to use the recommended products mentioned in the Sample Home Routine. Additionally, please advise the client to apply SPF protection of no less than 50 daily.

Treatment Steps

- 1 Makeup Removal: Delicately remove eye makeup using PureGlow Aloe & Cucumber Makeup Remover and Herbal Eye Makeup Remover on a cotton pad.

 - 2 GLYCOLIC SkinTone Balance Cleanser: Cleanse the face, neck, shoulders, and décolleté using GLYCOLIC SkinTone Balance Cleanser. Warm the cleanser between your palms before application and thoroughly remove it with a warm, damp washcloth.

 - 3 GLYCOLIC SkinTone Balance Toner

 - 4 Apply GLYCOLIC Skin Balance Toner on cotton pads to tone the face.

 - 5 Peel Preparation: Prepare the face and neck by applying a small amount of MD PrePeel Solution on a cotton pad. Allow it to completely dry.

 - 6 Apply MD BHA & Dioic Peel MD Ferulic & Alpha Hydroxy Peel 1:1

 - 7 Before applying the peel, inform the client about potential tingling or mild stinging. Apply the peel using long-handled cotton swabs, starting on the forehead and working around the face, avoiding the immediate eye area and neck. Allow the solution to sit for 7 minutes.

 - 8 Neutralization: Use MD Peel Neutralizer with a cotton pad following the same pattern as the MD PrePeel Solution application. Follow with sponges and cool water to ensure complete removal.

 - 9 HerbalWisper Soothing Toner : Gently blot the skin with a clean paper towel and then cleanse the entire face with HerbalWisper Soothing Toner on a cotton pad.

 - 10 Botanical Revive Mask & MD Salicylic Multi-Action Peel(3: 1) In a bowl, mix three pumps of Botanical Revive Mask with one pump of MD Salicylic Multi-Action Peel. Apply the mask to your face and neck, leaving it on for 15 minutes. Use light steam Cover your face with a dry towel and proceed to perform a shoulder massage.

 - 11 After removing the Botanical Revive Mask & MD Salicylic Multi-Action Peel with an ultrasonic spatula or washing it off with warm water, apply the HerbalWisper Soothing Toner using a cotton pad.

 - 12 RadiantShield Serum pm: Dispense a few pumps of the serum to the face and neck. Use a beauty device like ultrasound or perform a face and neck massage with your hands. If the serums are penetrating too quickly, and you need to maintain a smooth flow of massage, you can add the HerbalWisper Soothing Toner to your palms. This enables you to continue the massage for a longer duration, and the same technique can be applied with a beauty device.

 - 13 Herbal Synergy SensiProtection Emulsion: Apply the Herbal Synergy SensiProtection Emulsion and proceed with the massage for 5 minutes.

 - 14 Finish with PhytoPeptide Eye Cream.

- End of Treatment.

Home Skincare Routine for the Client for Most Skin Types (Excluding Sensitive) by Esthevani Professional Skin Care
