

Professional Revitalift Collagen & Amino Boost Treatment

Service Time: 60 Minutes.

Treatment Purpose:

The Revitalift Collagen & Amino Boost Treatment is tailored to address the skin's loss of elasticity and firmness. Recommended for individuals wishing to maintain a healthy complexion and enhance elasticity, this treatment utilizes formulas enriched with amino acids and collagen, along with a blend of nourishing nutrients. These powerful ingredients support the skin's natural collagen production, helping it develop a radiant and glowing complexion. It is recommended to undergo this treatment every 10 days, repeating 4-5 times to improve elasticity and firmness.

Treatment Steps

- I** **Makeup Removal:** Delicately remove eye makeup using PureGlow Aloe & Cucumber Makeup Remover and Herbal Eye Makeup Remover on a cotton pad.

 - 2** **HerbaFoam Cleansing Ritual:** Cleanse the face, neck, shoulders, and décolleté using HerbaFoam Cleansing Ritual. Warm the cleanser between your palms before application and thoroughly remove it with a warm, damp washcloth.

 - 3** **LuminActive RX Toner:** Apply LuminActive RX toner on cotton pads to tone the face.

 - 4** **Peel Preparation:** Prepare the face and neck by applying a small amount of MD PrePeel Solution on a cotton pad. Allow it to completely dry.

 - 5** **Apply LuminEssence Mandalic Peel & MD BHA & Dioic Peel:** Before applying the peel, inform the client about the potential for tingling or mild stinging. In a bowl, mix 3 pumps of LuminEssence Mandelic Peel with 1 pump of MD BHA & Dioic Peel. Apply the peel using long-handled cotton swabs, starting on the forehead and working around the face, avoiding the immediate eye area and neck. Allow the solution to sit for 7 minutes.

 - 6** **Neutralization:** Use MD Peel Neutralizer with a cotton pad following the same pattern as the MD PrePeel Solution application. Follow with sponges and cool water to ensure complete removal.

 - 7** **LuminActive RX Toner:** Gently blot the skin with a clean paper towel and then cleanse the entire face with LuminActive RX toner on a cotton pad.

 - 8** **Preheat steam:**

 - 9** **Massage with MultiFruit & Collagen Serum and RadiantShield Serum:** Perform a light massage with 3 pumps each of MultiFruit & Collagen Serum and RadiantShield Serum (mixed in a 1:1 ratio in a glass bowl). Enhance penetration with beauty machines or LuminActive RX toner for a prolonged massage.

 - 10** **Botanica Collagen Mask:** In a bowl, mix 4 pumps of Apple & Mushroom Glow Phyto Mask with one pump each of MD Lactic Acid Peel and MD BHA & Dioic Peel. Apply the mask to face and neck, leaving it on for 15 minutes. Use light steam, cover with a dry towel, and proceed with a shoulder massage. After removal, apply LuminActive RX toner using a cotton pad.

 - 11** **SilkCoQ10 & Copper Serum and MultiFruit & Collagen Serum:** Dispense a few pumps of each serum, applying to face and neck. Use a beauty device or hands for massage. Maintain flow with LuminActive RX toner if needed.

 - 12** **Collagen & Vitamins Rejuvenating Formula and Marine & Botanical Bioflavonoids with Amino Acids Boost:** Apply a few pumps, continue massage flow with a beauty device or hands.

 - 13** **Finish with Collagen & Peptides Youth Eye Elixir.**

- End of Treatment.
