

Professional Facial

Red-Carpet Radiance

for Oily & Combination Skin

Service Time: 45 Minutes.

Treatment Purpose:

The Red-Carpet Radiance Facial is tailored for those seeking a glowing complexion before an event. Recommended one to three days before the event, this gentle and effective facial provides glowing skin and a fresh look for the face. Makeup will also sit well on the skin after the treatment. The facial utilizes nourishing formulas; the skin doesn't need recovery after the treatment, enhancing the luminance of your skin.

Treatment Steps

- 1** Remove Makeup: Gently eliminate eye makeup using PureGlow Aloe & Cucumber Makeup Remover and Herbal Eye Makeup Remover on a cotton pad.
- 2** Matte Oil-Free Foam Wash: Cleanse the face, neck, shoulders, and décolleté with Matte Oil-Free Foam Wash. Warm the cleanser between your palms and thoroughly wipe it off with a warm, damp washcloth.
- 3** PureFresh Oil Balance Toner: Apply PureFresh Oil Balance Toner on cotton pads to tone the face.
- 4** Peel Preparation: Prepare the face and neck by applying a small amount of MD PrePeel Solution on a cotton pad. Allow it to completely dry.
- 5** Apply MD BHA & Dioic Peel: Before applying the peel, inform the client about the potential for tingling or mild stinging. Apply the peel using long-handled cotton swabs, starting on the forehead and working around the face, avoiding the immediate eye area and neck. Allow the solution to sit for 7 minutes.
- 6** Neutralization: Use MD Peel Neutralizer with a cotton pad following the same pattern as the MD PrePeel Solution application. Follow with sponges and cool water to ensure complete removal.
- 7** Preheat Steam
- 8** Massage with RadiantC+ Botanical Serum and Phyto Hyaluronate & Squalane Glow Serum: Conduct a light massage using 3 pumps of RadiantC+ Botanical Serum. Utilize a beauty device for penetration assistance for 5 minutes. Apply a second layer of Phyto Hyaluronate & Squalane Glow Serum and continue penetration for an additional 5 minutes. To enhance flow, incorporate HerbaBloom Nourishing Toner.
- 9** Apple & Mushroom Glow Phyto Mask: Use 4 pumps of Apple & Mushroom Glow Phyto Mask. Apply the mask to the face and neck, leaving it on for 15 minutes. Introduce light steam, cover with a dry towel, and proceed with a shoulder massage. After removal, apply HerbaBloom Nourishing Toner using a cotton pad.
- 10** HydroMatte Harmony Serum and Phyto Hyaluronate & Squalane Glow Serum. Dispense a few pumps of each serum, applying them to the face and neck. Employ a beauty device or hands for the massage.
- 11** Matte Perfection Botanical Symphony & AquaPlenish Botanical Boost: Apply a few pumps, continuing the massage flow with a beauty device or hands.
- 12** Conclude with PhytoPeptide Eye Cream

End of Treatment.

Home Skincare Routine for the Client

You can recommend products for the home regimen based on the client's needs. However, ensure that the client starts using them after the event to avoid potential skin reactions that can occur when introducing new products. This precaution will help maintain the skin's well-being and minimize any adverse effects during or after the event.
