Spring Bash • May 6, 7:30-9:00PM (note earlier start time)

Spring Bash is our final programming night of the year - a big celebration full of fun, meaningful moments, and connection. It's a time to look back on the year together and especially honor our seniors as we cheer them on into what's next. It's one of our favorite nights of the year! **All current 9th-12th graders are invited, along with the parents of our senior class.**

CLASS OF 2026 SPECIAL EVENTS

Senior Retreat • April 10-12

Our Senior Retreat is a special weekend designed to give our 12th graders space to pause, reflect, and prepare for what's next. Throughout the weekend, students will spend time in worship, small group conversations, and guided reflection as they consider their faith, relationships, and the transition ahead. It's a meaningful time for seniors to connect deeply with one another, be encouraged by their leaders, and think intentionally about life beyond high school. **Registration will open at the end of February.**

Senior Sunday • May 17 (During CPC Services)

Senior Sunday is a special morning where our church family comes together to celebrate and honor our graduating seniors. During our Sunday services, we take time to recognize their milestone, pray over them, and send them off with love and encouragement as they step into this next season.

SUMMER DATES

Mission Milwaukee • June 7-12 • for students entering 9th grade-graduating seniors

Summit • July 26-31 • for students entering 10th-12th grades

A note from Andra:

It's truly been a joy to spend time with your students each week. They're thoughtful, funny, and full of potential, and it's been incredible to watch how they're growing in faith and confidence. I'm constantly encouraged by the way they show up, ask honest questions, and care for one another. Thank you for the privilege of partnering with you in this season - it's such a gift to walk alongside you and your students as they discover who God is calling them to be. Please don't hesitate to reach out to me with any questions or if there are specific ways I can support your family. I would love to get to know you (if I don't already) as we partner together to teach these students about, and point them to, the one who created them and knows them and loves them deeply.
