

Work

Live Well Collaborative, Senior UX Research Fellow

May 2025 – present

Continues project management responsibilities held in first year of fellowship, guiding first-year fellows in transitioning to project lead. Supports development of 6 project research plans in close communication with corporate sponsors.

Live Well Collaborative, UX Research Fellow

Jan 2024 – May 2025

Led multidisciplinary teams in 16-week translational research projects aimed at developing equitable service design solutions in healthcare and wellbeing. Conducted stakeholder interviews, created system maps and data visualizations, and translated research insights into prototypes with long-term implementation proposals. Led internship hiring process and mentored 7 students.

University of Cincinnati, Design & Media Assistant

Jan 2020 – Apr 2024

Worked with University Honors Program faculty to maintain website and manage social media accounts. Trained in web accessibility standards. Designed presentations for large university admissions events, analyzed competitor schools' websites to inform redesign, and led work on commencement celebration videos.

Live Well Collaborative, UX Research Co-op

Jan 2023 – Dec 2023

Involved in healthcare service design and research projects. Learned research methodologies and created product prototypes to present to hospital and corporate leadership.
