The Silver Table

Finn Juhl | 1948

The Silver Table

The spacious Silver Table from 1948 is arguably one of Finn Juhl's most famous and extravagant designs. The table is equipped with two extension leaves and can be ordered with or without sterling silver inlays. These inlays serve not only as an exclusive decorative feature but also as a functional indicator of the seating capacity, accommodating anywhere from four to fourteen spaces. The table is available in four different variants.
