The Grasshopper Chair

The Grasshopper Chair was designed by Finn Juhl in 1938 and was one of his first attempts at expressing his artistic freedom in the form of furniture. The Grasshopper has already reached icon-status via numerous illustrations in the design literature. The chair also marks the first in a long line of designs that would go on to manifest Finn Juhl as one of the all-time greatest in furniture design. The Grasshopper is available in oak or walnut and upholstered in textile or leather.
