ABOUT THE DESIGNER

Established in Stockholm in 2010, design studio Färg & Blanche is run by Franco-Swedish design duo Emma Marga Blanche and Fredrik Färg. Through their quirkiness and complementarity, the duo has managed to astonishingly combine a very Swedish "power to create" with a very French "conceptual mindset". Renowned for their experimental approach, the tandem composes its creations through a skilful mix between product uniqueness usually associated with craftsmanship, and larger-scale industrial production – without ever losing their distinctive touch.
