5"/125mm

Profile options:

The Prince Pendant gets its look by layering shape, color, and transparency in handblown glass. A curvy double-ellipsoid outer glass diffuser is rendered in transparent colored glass, and it embraces an inner cylindrical diffuser of opaque glass. The opaque glass glows through the vibrant transparent glass. The effect is gorgeous and demure. The pendant stem transitions above the glass into a decorative metal profile. Available in multiple profile options, glass color combinations, and brass hardware finishes. Part of the SkLO + AvroKO collection – a collaboration between SkLO and the AvroKO Partners.

Socket 220-240V G9 7W Max (LED bulb included)

Requires recessed electrical box for installation

Standard canopy does NOT accommodate sloped ceilings or swagging of this light. Other canopy options are available at an additional cost. Visit the Accessories page on our website to see available canopy options and review compatibility

This fixture is compatible with one or more of SkLO customizable multi-pendant canopy systems. Visit the Accessories page on our website to see available systems and review compatibility

Fixture length:

Fixture includes our field-adjustable Standard Stem Kit (consists of (1) 152mm, (2) 305mm, and (1) 458mm combinable stem sections) – additional Stem Kits are available at additional cost

Our field-adjustable Extended Stem Kit is available at additional cost (consists of (1) 152mm, (1) 305mm, (1) 458mm, (1) 610mm and (1) 915mm combinable stem sections)

Custom cut-to-order stems (not field-adjustable) available – requires specified OAL (overall drop length) – minimum OAL 465mm. Lengths over 1535mm available at additional cost

Fixture weight (approximate): 3.5kg

Handblown glass production results in variation in dimensions, shape, color saturation, color tint, and imperfections such as small bubbles. This is part of SkLO design intent
