Yama Bench

The Yama bench is designed to showcase the contrast between the solidity of the lacquered wood base and the softness of the padded seat. Defined by a single, elongated, and rounded padded body, upholstered in leather or the brand's standard fabrics, it rests securely on a rounded lacquered base, available in matte or glossy finishes. The base and seat interact, sharing the project's visual hierarchy and creating a balance between structure and form. The result is an object that combines comfort and presence, elegant in its simplicity and capable of defining space with discreet authority.

Technical Details

Seat: Plywood structure with elasticated webbing supporting varying layers of non-deformable foam. Base: Continuous MDF base hand finished and lacquered in either matte or high gloss. Felt glides. Upholstery non-removable. Comes assembled.
