Canope Rectangular Dining Table

Crafted entirely of wood, the Canope dining table is inspired by the natural shape of a tree’s canopy. The asymmetrical top, available in various sizes, is designed to encourage a dynamic arrangement. The concentric grain of the wood runs across the top, drawing the eye toward the centre and enhancing the natural expressiveness of the material, which lends the object warmth and presence. The lacquered central base supports the width of the top and reaches its surface, introducing a sharp contrast between the finish and the natural wood. Available in six sizes and in all the woods and lacquers—both matte and gloss—offered by the brand, Canope offers extensive customisation options while maintaining a formal and aesthetic coherence.

Base: Steel support structure. Layered MDF, hand finished, pores sealed, sandblasted and lacquered. Top: 40mm MDF with directional veneer, brushed and stained. Some assembly required.
