

AI video security for hospitality

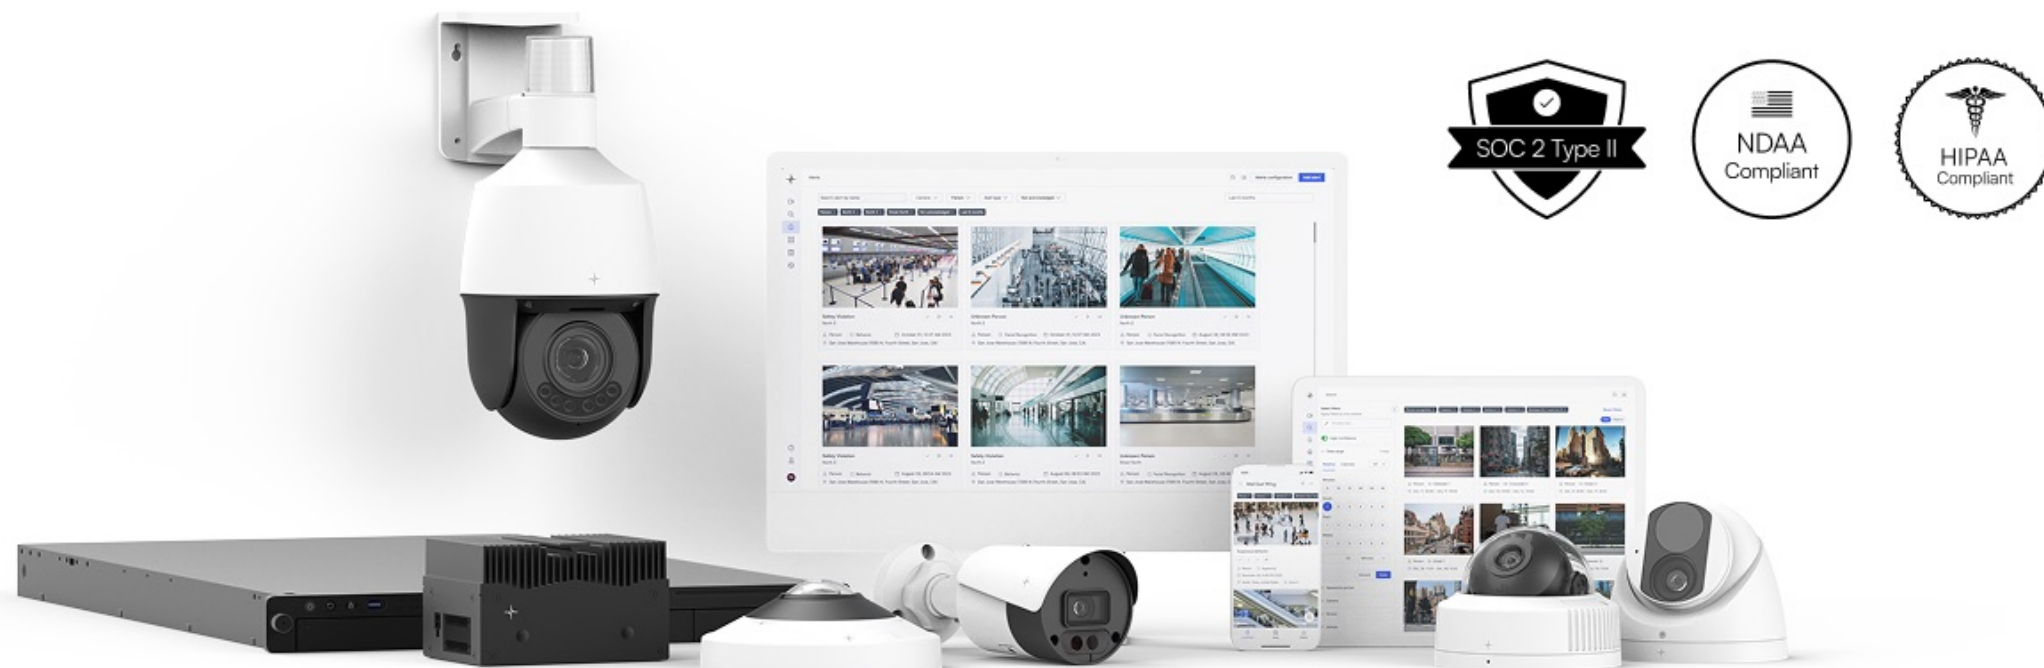

AI-powered video security designed to simplify and unlock greater visibility across locations.

ALERT

VIP detected

Meet the all-in-one Lumana platform

Modern video security meets next-generation AI

Cameras

Enhance existing cameras or use Lumana cameras covered by a lifetime warranty.

Core

AI video processor with up to 90 days of industrial-grade SSD storage and up to 365 days in the cloud.

VMS+

Manage multiple locations from a single platform with modern video management software powered by AI.

Monitor from anywhere

Access Lumana to monitor your sites from any browser or mobile device.

Real-time AI alerts

Notifications for trespassing, loitering, occupancy, and people/vehicles of interest.

Find footage in seconds

Layer search parameters to filter footage and instantly find what you need.

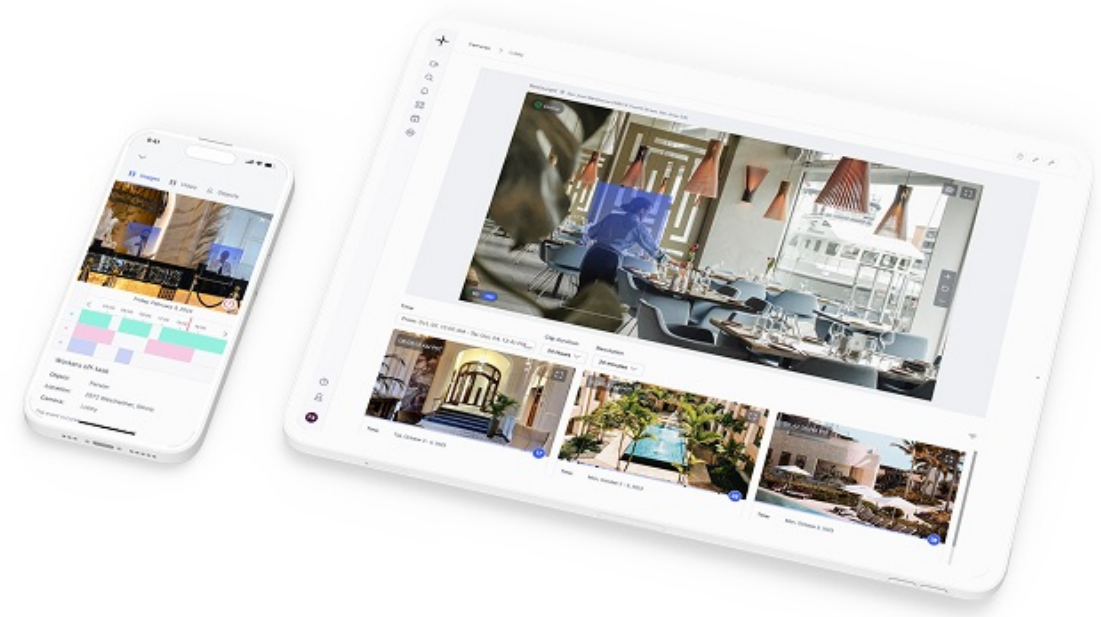

Intelligent dashboards

Capture live data from video and quickly visualize security and operational trends.

Unified video security management

Centrally manage all cameras from one platform and provide managers with role-based access to create safer, more efficient environments.

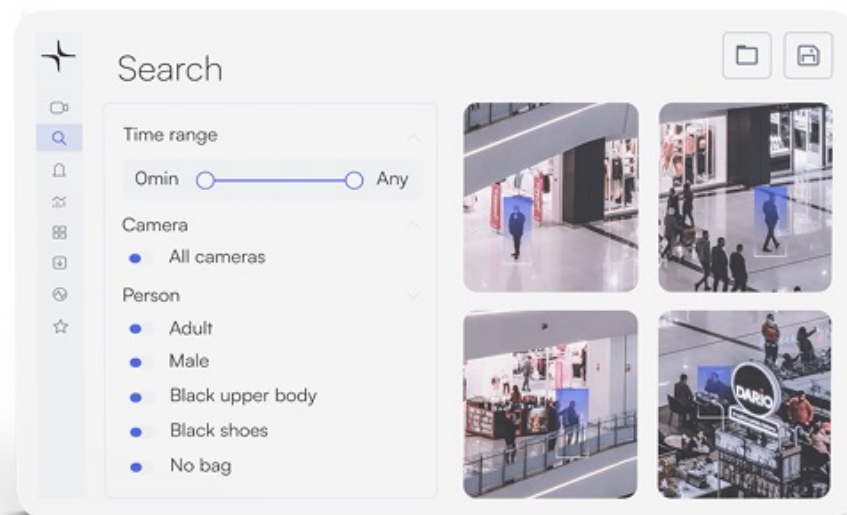

Provide premier guest experiences

Create custom AI alerts to automatically monitor your spaces and receive real-time notifications when unwanted activity is detected.

Drive smarter decisions with data

Create customizable dashboards to collect live data from video to analyze safety, customer, occupancy, staffing, and operational trends.

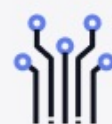

Find footage in seconds

Get the whole story. Easily search millions of hours of video in seconds and share footage with first responders in just a few clicks.

STANDARD FEATURES. ANYTHING BUT STANDARD.

Lifetime warranty for predictable system costs

Industry-leading AI features and capabilities

Hybrid-cloud reliability and performance

No port forwarding or VPN for secure access

Unlimited cameras, users, and cloud archiving

Bandwidth-friendly with real-time AI processing

Automatic updates for new AI and upgrades

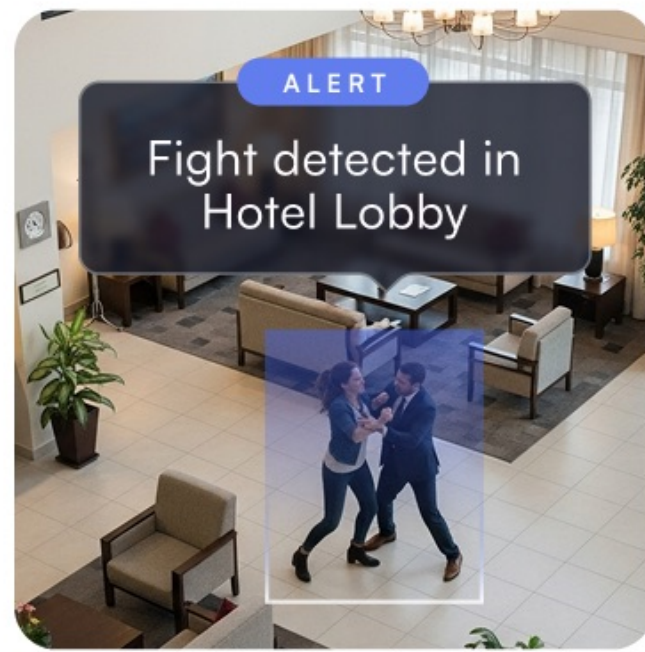

Dedicated onboarding, training, and support

Enhance hospitality security and operations with AI
