Known thief detected

Lumana

AI video security for grocery stores

Real-time video intelligence that automates monitoring, enhances visibility, and improves store operations.

Meet the all-in-one Lumana platform

Modern video security meets next-generation AI

SOC 2 Type II · NDAA Compliant · HIPAA Compliant

Cameras

Enhance existing cameras or use Lumana cameras covered by a lifetime warranty.

Core

AI video processor with up to 90 days of industrial-grade SSD storage and up to 365 days in the cloud.

VMS+

Manage multiple locations from a single platform with modern video management software powered by AI.

Monitor from anywhere

Access Lumana to monitor your stores from any browser or mobile device.

Real-time AI alerts

Notifications for long lines, spills, trespassing, and people/vehicles of interest.

Find footage in seconds

Layer search parameters to filter footage and instantly find what you need.
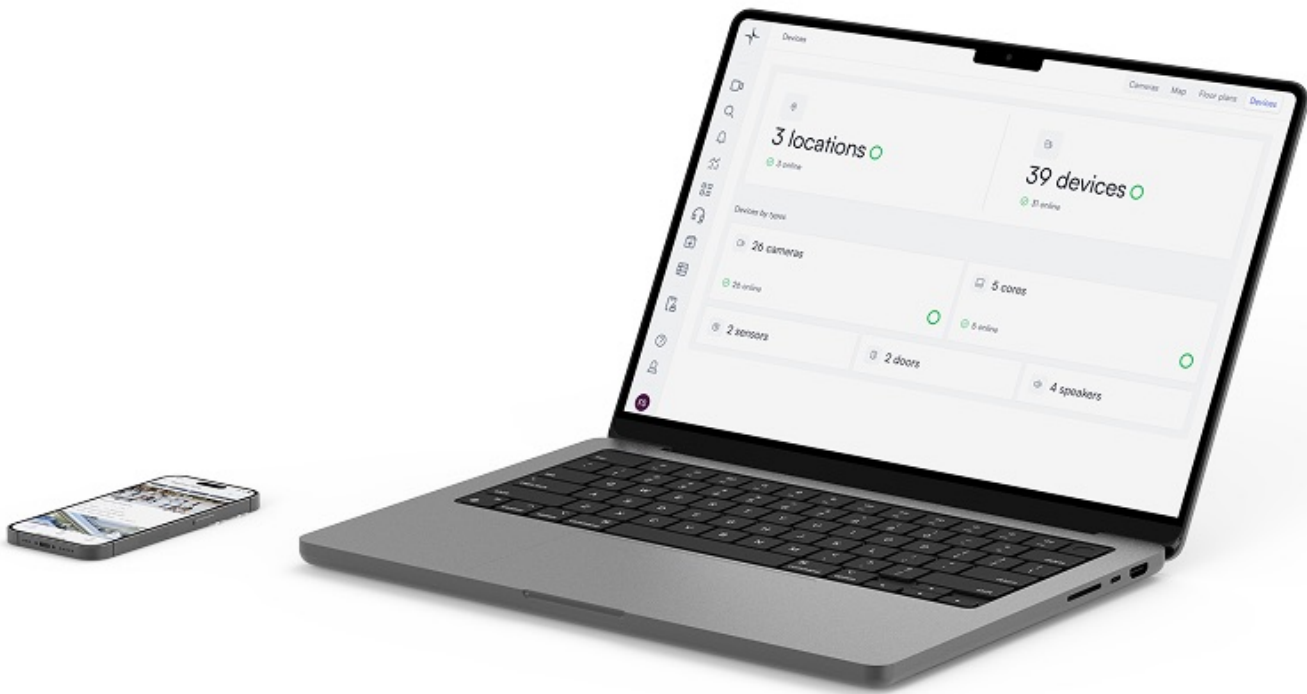

Intelligent dashboards

Turn video into live views of staffing, stocking, traffic, and risk trends.

Unified video security management

Centrally manage cameras across checkout, aisles, service counters, backroom, and parking lots from one secure platform.

Lumana
Unattended counter

Provide premier guest experiences

Create custom AI alerts for long lines, blocked aisles, curbside delays, and unattended counters so teams can act before shoppers feel the impact.

Drive smarter decisions with data

Custom dashboards turn video into insights on queue length, stocking activity, aisle traffic, labor use, curbside flow, and safety trends.

Man holding a black bag
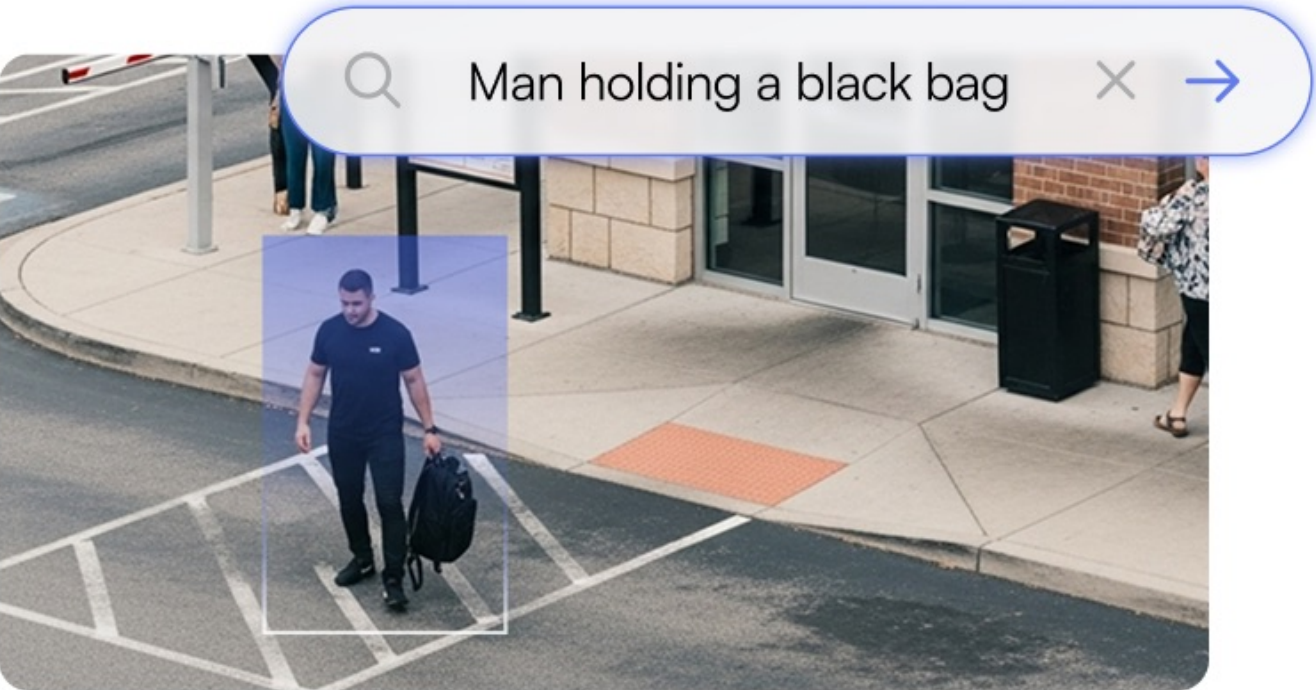

Find footage in seconds

Get the full story on incidents, slip-and-falls, POS disputes, or backroom activity in seconds by jumping to the right camera, time, or alert and sharing clips easily.

STANDARD FEATURES. ANYTHING BUT STANDARD.

Lifetime warranty for predictable system costs

Industry-leading AI features and capabilities

Hybrid-cloud reliability and performance

No port forwarding or VPN for secure access

Unlimited cameras, users, and cloud archiving

Bandwidth-friendly with real-time AI processing

Automatic updates for new AI and upgrades

Dedicated onboarding, training, and support
