# Lumana

AI video security for government

Turn any IP camera into real-time intelligence with continuous-learning AI that detects risk, accelerates investigations, and improves response across communities.

ALERT
Gun detected

Meet Lumana

The most accurate visual AI platform for real-time alerts and fast investigations — all in a modern, unified VMS.

SOC 2 Type II

NDAA Compliant

HIPAA Compliant
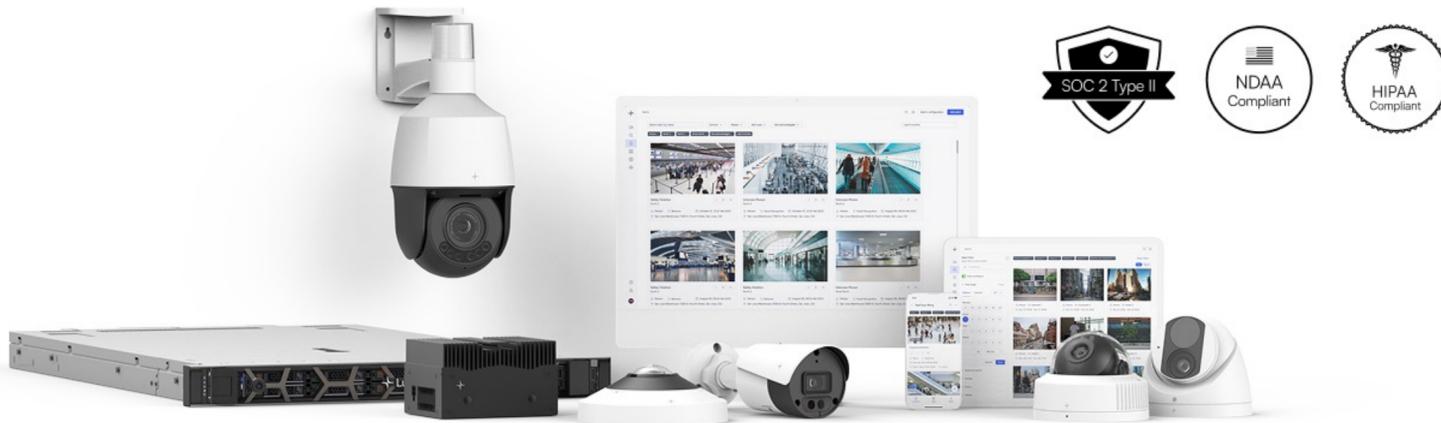

VIA-1

Continuous-learning AI model for any IP camera, delivering best-in-class detection accuracy and performance.

Core

AI video processor with up to 90 days of industrial-grade SSD storage and up to 365 days in the cloud.

VMS+

Manage multiple locations from a single platform with modern video management software powered by AI.

Monitor from anywhere
Access Lumana to monitor your sites from any browser or mobile device.

Real-time AI alerts
Notifications for unusual behavior, untrusted faces, loitering, vandalism, and more.

Find footage in seconds
Layer search parameters to filter footage and instantly find what you need.

Intelligent dashboards
Capture live data from video and quickly visualize security and operational trends.

Manage public safety and operations with AI agents

Monitor municipal sites from one platform and activate AI agents to detect risk, capture operational data, and help teams respond faster with less manual effort.

Lumana
Gun detected
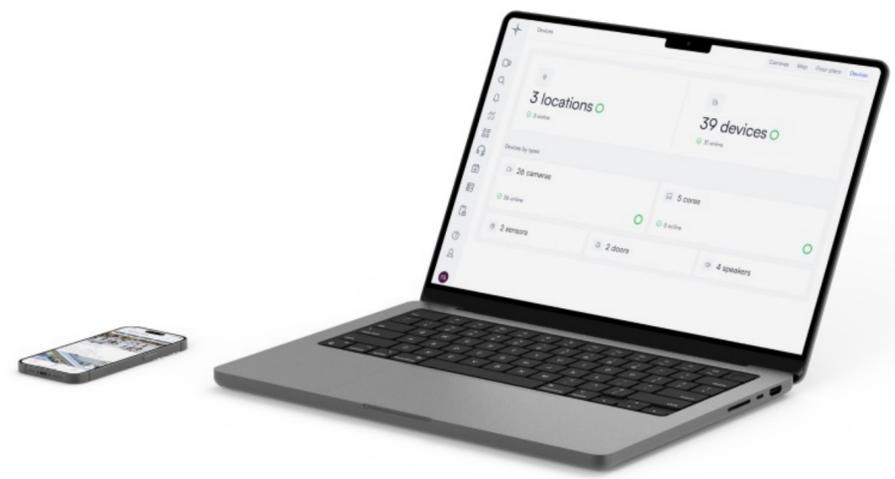

Accurately detect unusual events in real time

Self-learning AI agents adapt to each camera's environment to identify safety risks, security issues, and disruptions as they occur, not after calls or reports.

Accelerate investigations and incident response

Search by natural-language text or multi-parameter filters, scrubbing millions of hours of footage in seconds to pinpoint the moment you need.

Speaker #2
Message played
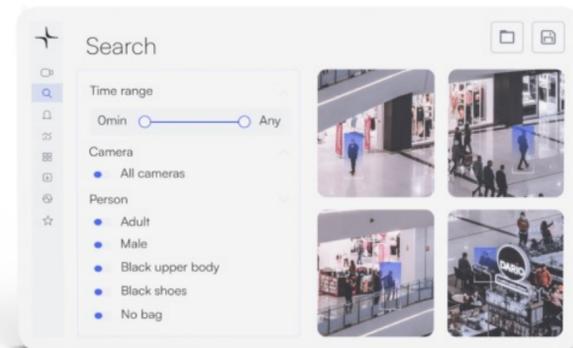

Integrate AI agents across your municipal technology stack

AI agents connect video with external systems and third-party events to unlock smarter detection, faster search, and automated actions across departments and sites.

ENTERPRISE-GRADE FEATURES. ALWAYS INCLUDED.

Lifetime warranty for predictable system costs

Industry-leading AI features and capabilities

Hybrid-cloud reliability and performance

No port forwarding or VPN for secure access

Unlimited cameras, users, and cloud archiving

Bandwidth-friendly with real-time AI processing

Automatic updates for new AI and upgrades

Dedicated onboarding, training, and support

AI agents for government safety, security, and operations

Gun detection
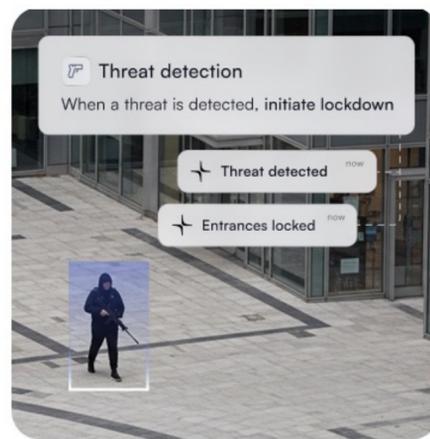

Violence/aggression
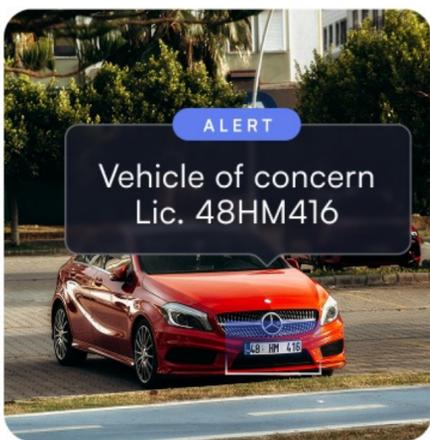

Tampering/vandalism

Trespassing

Smoke/fire detection

Unattended items

Automated responses

Facial recognition

**LPR/vehicle tracking**

AI video search

Emergency dispatch

Illegal dumping
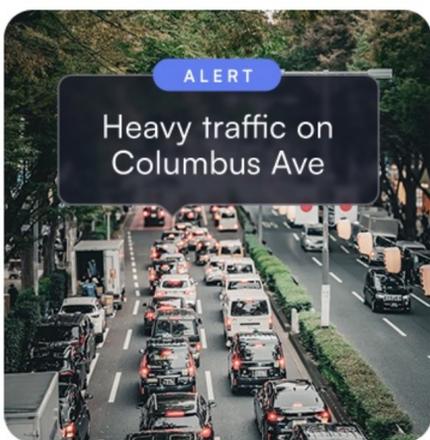

**Parking/traffic monitoring**

City-wide investigations

Access control

Crowd detection
