Landmark Information

Landmark Utilities Report with Digital Utility Overview Plan (DUOP)

Landmark's Digital Utility Overview Plan offers a unique interactive map that brings together utility plans and potential wayleave agreements on a single document.

It provides a clear, accessible view of underground services and highlights potential legal constraints and areas for further investigation.

What's included

The Landmark Utilities with Digital Overview Plan Report (DUOP) includes:

Overview Plan

An interactive map that enables you to see all affected utility onto one easy-to-use digital map. With information presented in a consistent, standardised format and fully interactive layers, users can quickly identify key features, improve plan interpretation, and focus on areas of interest with greater confidence

Wayleaves Map

Landmark's additional Wayleaves Map, enhances the existing Digital Utilities Overview Plan (DUOP) with predicted legal constraints in a clear, geospatial format. The result is a single, visual overview that helps lawyers quickly understand where potential utility rights may impact a site.

How to order

Before a Digital Utilities Overview Plan (DUOP) can be produced, a Landmark Utilities Report must first be ordered. In essence, the Utilities Report provides the source of utility data, while the DUOP transforms the affected data into a consolidated, interactive and easier-to-interpret format

Delivery time: Premium and Express (10 working days), Standard (20 working days).

Updated responses automatically issued: new responses are automatically updated and re-issued until the report is complete.

Scan the QR code to receive a sample report.
