

How to Share Your Digital Business Card Without Internet Using the CardByte Mobile App

Even without an internet connection, you can share your digital business card effortlessly. Just follow these steps:

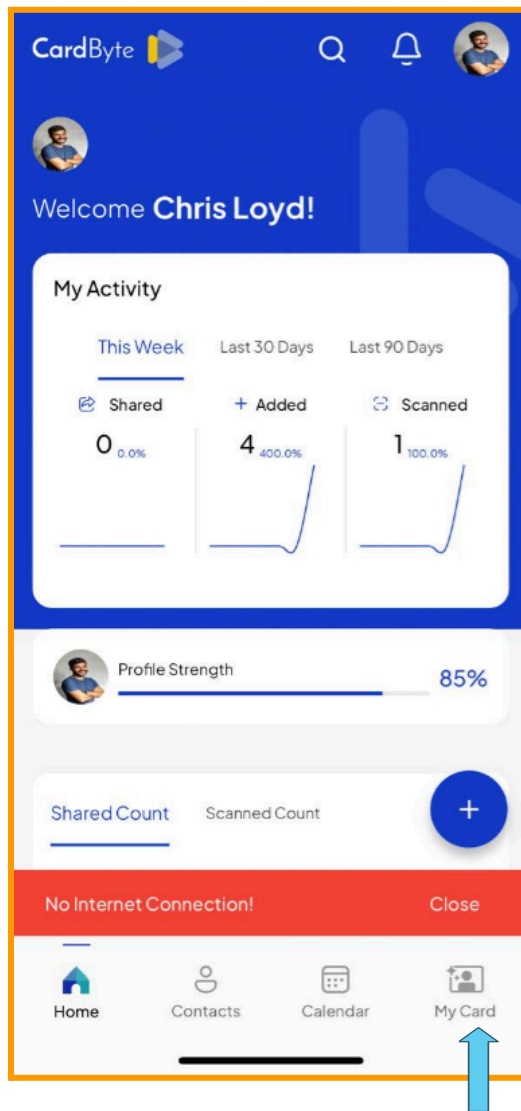

For Android App, click on the link below:

<https://play.google.com/store/apps/details?id=ai.cardbyte.enterprise>

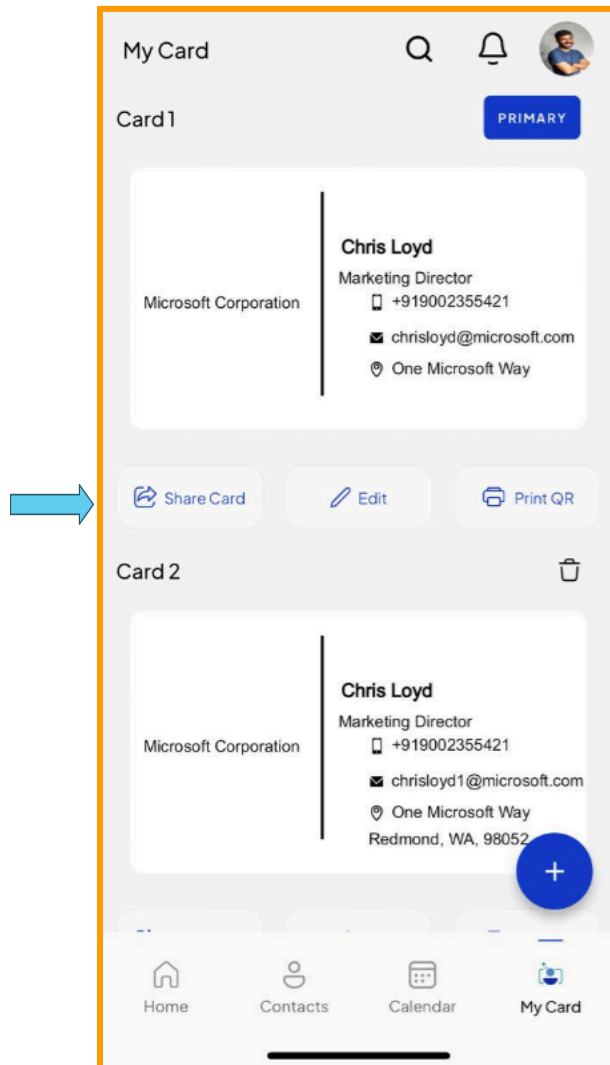

For the iOS app, click on the link below:

<https://apps.apple.com/in/app/cardbyte-enterprise/id1670373750>

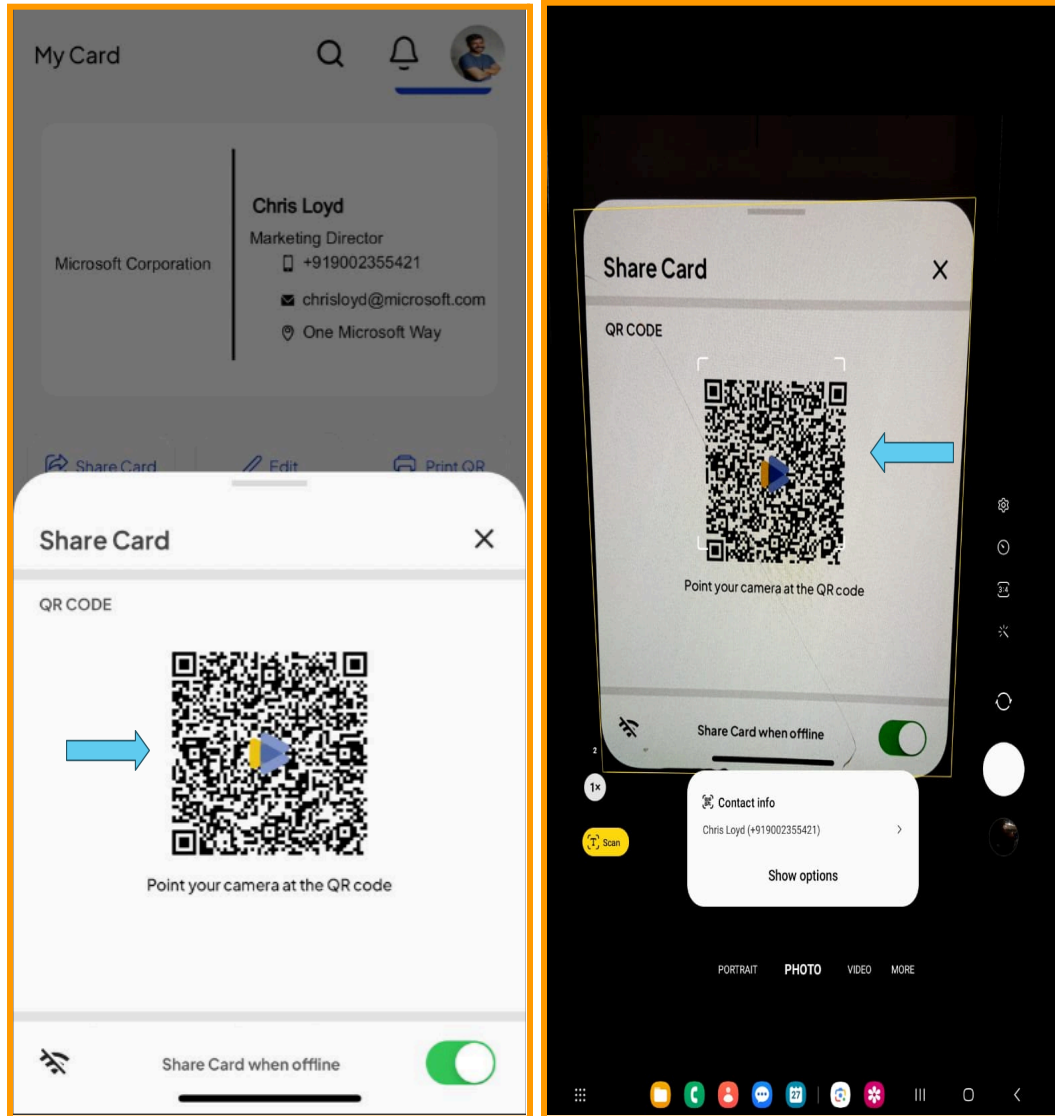

1. **Log in** to the CardByte mobile app.
2. Tap on the **“My Card”** tab.

3. Tap on “Share Card.”

4. Your **QR code will appear** on the screen.
5. Ask the receiver to **open their camera app** and scan the QR code.

They Save Your Contact

- A link to your digital business card will automatically pop up on their phone.
- Once they tap the link, your card will open in their browser—even without the internet on your side.
