

# How to Adjust the Font of your Fields

Follow these steps to adjust the font of your fields on your digital business card from the CardByte web app:

- **Log in** to the CardByte web app.  
<https://enterprise.cardbyte.ai/login>
- Click on **“Card Settings”**:
  - Click on edit within Card templates.

- Click on the **Add Details** button. Select the field on the card for which the font has to be adjusted.
- Once the field is selected, edit the font type, font size, and font color of your choice.

- Click on **“Save”** to make changes your digital card
