# Property and Casualty Insurance Claims: A Foundation Programme

[Register Now](#)

25, 26 & 27 March 2026

21 CPD hours

9.00 a.m. – 5.00 p.m.

Singapore College of Insurance (SCI)

Join our intensive 3-day program designed for junior loss adjusters, claims handlers, and insurance professionals. Gain expert insights into property, engineering, and casualty insurance claims through hands-on case studies and practical learning. Enhance your skills in claims handling, customer service, fraud management, and ethical practices. This program also covers key areas such as complaints management, reserving, and the importance of business ethics, empowering participants to excel as proficient and ethically-driven professionals in the insurance industry.

## Target Audience

- Claims handlers with not more than five years' experience in handling property, engineering and casualty insurance claims.
- Insurance professionals, including brokers, and agents, wishing to enhance their knowledge and skills in handling property, engineering and casualty insurance claims.
- Loss adjusters, and third-party administrators with not more than five years' experience in handling property, engineering and casualty insurance claims.

## Key Learning Outcomes

By the end of the workshop, participants will be able to:

- Understand insurance principles and market structure in Singapore.
- Know the coverage of the common Property, Engineering and Casualty insurance policies.
- Understand the essence of Property, Engineering and Casualty Insurance claims handling.
- Know the issues pertaining to customer service, complaints, reserving and fraud.
- Know the importance of business ethics and codes of conduct.
- Know how to negotiate effective claims settlements.
