## Advisory Note, Student Contract & Withdrawal Policy

### For ChFC01/DFPF01 – ChFC05/DFPF05 and DFPF05E

All candidates whether self-sponsored or company-sponsored are required to sign an Advisory Note and a Student Contract with the SCI before registering for the DFPF modules. The SCI offers a Cooling-Off Period of 10 calendar days from the date of signing the Student Contract. Should a candidate decide to withdraw from the DFPF programme within the Cooling-Off Period, he/she must notify the SCI by way of electronic mail (email). A full refund of Net Fee paid including one-time registration fee of S\$32.70 (inclusive of GST at prevailing rate) paid by the candidate, if any, will be made by the SCI to the candidate within 7 working days from the date of withdrawal in such instance. The date of withdrawal must fall within the 10 calendar days from the contract signed date by both parties. No withdrawal is allowed after the cooling-off period for whatsoever reasons. Candidates are advised to check the course/examination details, including the exemption policy, before submission.

To sign the Advisory Note and Student Contract, candidates will contact the SCI via email at [talk2us@scidomain.org.sg](mailto:talk2us@scidomain.org.sg) or call the SCI officer during office hours at 62212336 to request for the Advisory Note and Student Contract to be sent to them via Adobe Sign. They are also required to state the preferred intakes for these funded modules as deadlines to pass these modules to be eligible for the IBF-STF funding will be counted from the examination dates of those intakes that candidates have selected.

## Clawback Contract for ChFC06 – ChFC09

Candidates who wish to register for ChFC06 to ChFC09 are required to sign the Clawback Contract electronically pertaining to Clawback Provision, Registration Policy, Rescheduling Policy and Refund Policy before the registration can be confirmed.

To sign the Clawback Contract, candidates will contact SCI via email at [talk2us@scidomain.org.sg](mailto:talk2us@scidomain.org.sg) or call the SCI officer during office hours at 62212336 to request the Clawback Contract to be sent to them via Adobe Sign. They are also required to state the preferred examination dates for these funded modules as deadlines to pass these modules to be eligible for the IBF-STs funding will be counted from the examination dates that candidates have selected.

Please read the Exemption Policies and Requirements thoroughly before completing the Application Form for Exemption Review for ChFC®/S.

### Exemption Policies

1. The maximum number of exemptions to be granted to any one candidate is 5 modules, regardless of the number of qualifications held by the candidate.
2. Once an exemption has been granted, the candidate must register for the ChFC®/S Programme within 30 days from the date of the exemption letter. If there is no registration of the ChFC®/S Programme within the 30 days' period, the candidate will need to re-apply for exemption as a fresh application.
3. A candidate can apply for exemption at any stage during his/her study. However, there will not be any fee refund for any module already registered for.
4. Should the candidate decide to apply for exemption after the first registered examination date, the maximum completion period for completion of the ChFC®/S Programme will still start from the examination date which the candidate first registered to sit for.

The subject in the applicant's qualification must have been obtained by the applicant by taking the examination and not by exemption or transfer of credit from a course or programme previously taken.

## Qualifying Requirements

### Education Requirement

A candidate must pass all examinations/assessments and meet all other course requirements for all 9 modules within the 5-year maximum completion period. A candidate must pass all examinations for all 6 (six) modules within the 3-year maximum completion period from the date of first DFPF examination registered for. It is the candidate's responsibility to monitor his own maximum completion period for the examination completion of the DFPF programme. The SCI will not send any notification to remind the candidate in this respect. The 3-year maximum completion period is applicable for those who do not opt in for the IBF-STF funding. Those who seek the IBF-STF funding are subject to the deadline to pass the examinations for each module as per the Clawback provision.

### Experience Requirement

3 years of full-time business experience is required for the award of the ChFC®/S designation. The 3-year period must be within the 5 years immediately preceding the date of the award. An undergraduate or graduate degree from an accredited educational institution qualifies as one year of business experience.

### Ethics Requirement

The Code of Ethics Certificate is issued to the ChFC®/S holder who is deemed to agree to abide by the Code of Ethics for as long as he is a holder of the designation. If the ChFC®/S holder fails to abide by the Code of Ethics, the SCI has the right to deny the award of the designation and/or suspend the use of the designation in the event that the SCI determines that the ChFC®/S holder has violated the Code of Ethics.

**Note: It is the candidate's responsibility to monitor his own maximum completion period for the examination completion of the ChFC®/S programme. SCI will not send any notification to remind the candidate in this respect.**

## Maximum Completion Period

DPFP Self-study candidates are given 3 consecutive years (or 36 months) from the date of first registered examination date to pass all the 6 DPFP modules. Should they wish to proceed with the ChFC®/S programme, they are given another 2 consecutive years (or 24 months) in addition to 3 consecutive years from the date of first DPFP registered examination date to pass the additional 4 ChFC®/S modules for the award of the ChFC®/S designation. It is the candidate's responsibility to monitor his own maximum completion period for the examination completion of the DPFP or ChFC®/S programme. DPFP modules passed or exempted exceeding 3 years (or 36 months) from the date of first registered examination date are considered outdated passes and will not count towards meeting the DPFP qualifying requirements. Similarly, ChFC®/S modules passed or exempted exceeding 5 years (or 60 months) from the date of first registered examination date are considered outdated passes and will not count towards meeting the ChFC®/S qualifying requirements.

If the candidate does not complete all the modules within the time limit, the modules previously passed or exempted will no longer be valid and the candidate will be required to restart the DPFP or ChFC®/S programmes (whichever is applicable) and sit for all the modules. If there are any changes to the modules, SCI will make every effort to ensure that the candidate is not disadvantaged by such changes. There will be a proper transitional arrangement for the candidate. This maximum completion period requirement is applicable to those who are not seeking IBF-STF funding. For those who are seeking the funding, Clawback Provision deadlines are applicable.

As a rule, no extension to the maximum completion period will be considered and no related appeal will also be entertained. However, only on a case-by-case basis, approvals are granted for candidates who wish to appeal against the maximum completion period rule. The candidates are required to write in to the SCI at [talk2us@scidomain.org.sg](mailto:talk2us@scidomain.org.sg) with supporting reasons and documentary evidence. The SCI will only consider any appeal applications for extension by candidates whose maximum completion period has expired. The candidates may write in to the SCI within 12 months from the maximum completion period's expiry date to seek for an extension of the maximum completion period. In the event the candidate writes in earlier than 12 months before the lapse of the maximum completion period, The SCI will advise him to write in to the SCI again after his maximum completion period has expired. The SCI will also not consider any appeals that are written in 12 months after the maximum completion period's expiry date.

## Continuing Professional Development (CPD) Requirement

The holder of ChFC®/S designation must fulfil a Continuing Professional Development (CPD) requirement of 30 hours every two (2) years. If the holder attains the designation in year 2026, the accumulating period will be from year 2027 to year 2028. The CPD hours earned per accumulating period must be from educational activities in acceptable subject matter areas. The holder needs to maintain accurate records of all CPD activities he undertakes, along with a corresponding CPD hours tally, to verify that he complies with the CPD requirements. These records should be kept for at least 12 months after the accumulating period in which the activities occurred. The SCI may request the holder to submit the records for checks if necessary. Should there be a finding that the ChFC®/S holder does not comply with the Continuing Professional Development (CPD) Requirements, he will not be allowed to use the designation till the required CPD hours have been fulfilled accordingly.
