Make a wish!

Happy Birthday

TODAY'S BIRTHDAY | JULY 3

You have all you need to move into this beautiful new phase of your life. The magic that happens in July is that you're embraced by the very person you want most to accept you. Through the fall the universe conspires to teach you the paradoxical freedom of self-control. A golden goal is in hand in December. Capricorn and Aquarius adore you.

me

How can I express in words the depth of my feelings for you?
And even should I achieve so extraordinary a feat
Pen and paper are too fragile a medium, they will not do.
Perhaps if carved in marble, it might make my expressions complete
Yet even language will be lost in eternity's wake.

Balancing my goal while bowing to reality,
I deem the future is no matter, and resolve to take
Reassurance and comfort in knowing that we
Together are aware, and understand the tenderness,
History, humor, taste and interests that we share.
Daily, I note and appreciate the way that you bless
And enrich my life. And Yes, I am also aware,
Your guardian-angel-like projected protections
Make my every moment as safe as possible.
Oh, 'tis true that we have rare and mystical connections
Making both our lives magic, rich and full.

Love,
Mark
