

## Waitlists

## Manage Demand for Premium Spaces

Once you've defined your permits, use the Waitlists feature to manage and maximize!

No more rejecting customers when spots are full. Simply add customers to a Waitlist, and the Parking Base system will automatically assign permits as they open up. Waitlists allow you to:

- Ensure your parking facilities are fully utilized
- Secure future revenue by building a pipeline of customers
- Monetize inventory by offering paid waitlist access and/or premium locations
- Deliver a better experience with transparent, automated space allocation

Waitlists help you maximize usage and revenue generation
