

**PARKING  
BASE**

## Space Management

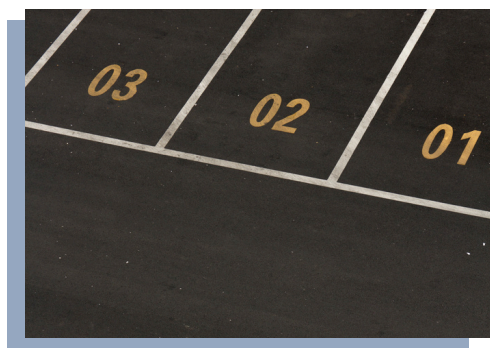

## With Parking Base Permit Manager

Parking Base Permit Manager offers powerful space management features, allowing you to assign and manage parking spaces using criteria such as **zone, space number, and descriptions.**

This level of control empowers you to monetize premium spaces. Generate new revenue streams by assigning different fees to spaces based on their convenience, location, or special features, you can

- » Proximity to Elevators or Entrances
- » Covered or Underground Parking
- » EV Charging Stations
- » Reserved or Assigned Parking

- » Heated Parking Spaces
- » Extra-Wide Spaces
- » High-Ceiling Spaces
- » Secure Locations

**Maximize your operational and revenue potential with Permit Manager.**

Gives you complete **control** and the **flexibility** to tailor your pricing to your business needs.
