

## Hardware & Integrations

**RFID Scanners**

**Parking Gates**

**Security Access**

**QR & Bar Code Access**

### Flawless Hardware & Security Systems Integration

***We maintain over 1,400 APIs to facilitate seamless integration with your existing equipment and processes.***

**Parking should be a natural extension of your current ecosystem.**

Enable residents to enjoy the convenience of a single credential for smooth, unified entry across the property.

**Our team ensures a smooth integration process.**

Improve your operations without disrupting what's already working or purchasing new equipment.

**No matter what system or equipment you have, we can handle it.**

Whether you're using gates, ticketing systems, or License Plate Recognition (LPR) tech, our platform integrates easily with whatever you've got.
