

Speech-Language Pathologist (0.5 FTE for 1-year term)

Open Access Resource Centre (OARC) is a non-profit organization which supports Manitoba children who are unable to communicate with spoken language due to diagnoses such as Cerebral Palsy, Down Syndrome, Rett Syndrome, Autism, apraxia, or an acquired brain injury. We work to ensure that through the use of Augmentative and Alternative Communication (AAC), everyone has a voice and is heard.

We are looking for a 0.5 FTE Speech-Language Pathologist to join our dynamic team for a one-year term!

Education and Qualifications

- Hold a master's degree in Speech-Language Pathology
- Must be a current member in good standing with the College of Audiologists and Speech-Language Pathologists of Manitoba (CASLPM)
- This position is subject to a Criminal Record check, including Vulnerable Sector Search, and a Child Abuse Registry Check
- Experience working with assistive technology and/or adaptive equipment appreciated
- Some familiarity with augmentative and alternative communication is appreciated, but an eagerness to learn and expand knowledge in this exciting field is a must

Skills and Abilities

- Strong leadership skills
- Strong organizational and management skills
- Self-motivated and able to work independently
- Ability to teach and collaborate with others

Responsibilities:

- To provide consultative speech-language pathology services to children and youth regarding selection and implementation of AAC systems.
- To provide individualized training sessions to teams supporting children and youth using AAC including school staff members, daycare support workers, and families
- To design and deliver professional development sessions for those supporting children receiving OARC services.
- To practice in a manner that meets and/or exceeds the standard set out by the College of Audiologists and Speech-Language Pathologists of Manitoba
- To maintain comprehensive expertise and knowledge of clinical best practice in the field of AAC and assistive technology
