- Reduce labor costs
- Free up labor resources
- Improve player data integrity
- Move traffic away from Players Club desk
- CMS-agnostic
- KYC Compliant

"We installed the RePrintEnroll Kiosk last year & it's been extremely beneficial in filling in the gaps when we are either short-staffed or engaged with other customers. It looks good & it's actually one of the fastest card printing kiosks I have seen. Our Players Club signups have increased since the deployment onto the casino floor."

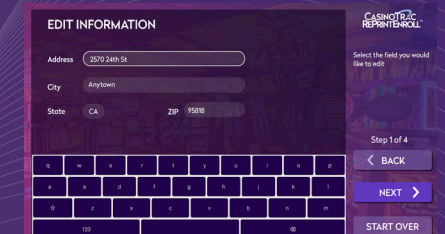

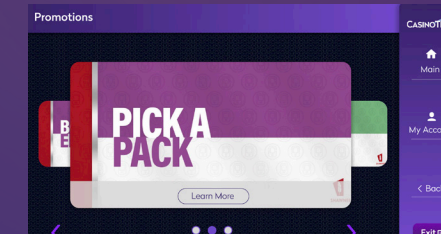

Brandon Siri, Sr. Director of Slots, Marketing & Events - Club Cal Neva Casino

"The RePrintEnroll (RPE) kiosk was purpose-built in collaboration with Centennial Gaming Systems to be a robust & reliable solution for high-volume casinos where 24/7 players club staffing isn't feasible, or casino size demands added convenience. Guests can enroll, reprint cards, & access their loyalty accounts to view balances, offers, or play promotional games. System agnostic & built for flexibility, the RPE is the right fit for your floor no matter which back-of-house system you use."
