

# ACHIEVE OUT-OF-THIS-WORLD GROWTH IN MATHEMATICS

## CASE STUDY: GLENVIEW SCHOOL DISTRICT 34, IL

**Multiplication | n = 24 students | Report date:  
4/17/2026 | Students using BlueStreak 7 months**

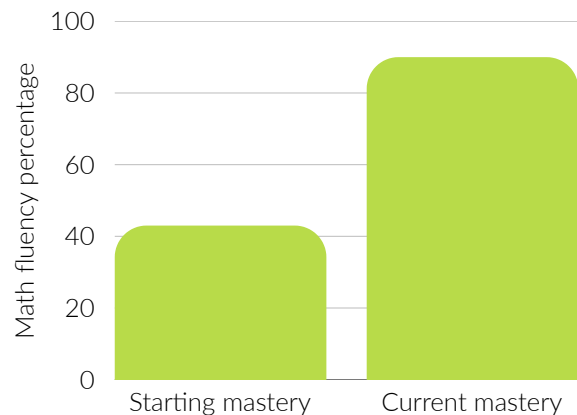

Glenview School District 34 of IL uses BlueStreak Math for Tier II and III interventions. In a sample from one school, students using the program experienced 52% growth in Pre- and Post-Test results from Fall 2025 to Spring 2026 (32 percentage points).

## CASE STUDY: HAMLINE ELEM., CHICAGO PUBLIC SCHOOLS, IL

**Addition | n = 84 students | Report date:  
4/17/2026 | Students using BlueStreak 8 months**

“We were able to [pilot BlueStreak] with a bilingual classroom and a monolingual classroom, and we were able to experience how user-friendly it was for teachers and see the level of student engagement. It helped us decide BlueStreak was the right fit for our school.”  
- Principal Natasha Ortega

## CASE STUDY: MATIAS DE LLANO ELEMENTARY, UNITED ISD, TX

**Addition | n = 234 students | Report date:  
4/17/2026 | Students using BlueStreak 2 months**

After noticing gaps in student math fluency, Matias de Llano Elem. in Texas decided to test BlueStrak Math in third grade. Over the course of the 2-month pilot, the students experienced 16% growth in Pre- to Post-Test scores.
