#### Disclaimer:

We have made extensive efforts to maintain a high standard of data accuracy by utilising information sourced directly from city administrations, official national statistics offices, relevant government ministries, or reputable international agencies, or peer-reviewed journal articles when no other data sources are available. However, certain data, including indicator definitions, denominators, and numerators, have not been independently verified. All AMALI city administrations review and revise their respective AMALI city profiles before uploading them to AMALI GovHub. We have obtained consent from the city administrations to upload the city profile.
