

## Executive Directors Report October 2022 Board Meeting

**Conflict of Interest Bill (COI):** Attestation letter was submitted on Behalf of Health Colorado Inc. to the BHA. ASO Attestation of Compliance with C.R.S 27-80-107 to state the intent to comply with COI legislation by 12/21/2022.

By January 1, 2023 our organization's ownership or board of directors (per section C.R.S. 27-80-107);

☐ Has ownership or a Board of Directors that is comprised of less than 25% provider organizations. Provide an explanation as to how your ASO meets this criteria below:

☒ Has ownership or a Board of Directors that is comprised of between 25-50% provider organizations. Provide an explanation as to how your ASO meets this criteria below:

Two nonprovider community board members.  
One Administrative Service Organization.  
One Urban Community Mental Health Center  
One Rural Community Mental Health Center  
One Federally Qualified Health Center

**Health Colorado Inc.:** We are continuing to have weekly shareholder meetings to discuss options for compliance with the legislations and strategies for a RAE 3.0 bid. At this time, we feel we have a very solid strategy and have worked through many of the issues, barriers and concerns. We are awaiting some final feedback from the Attorney to assure we have not missed any critical information and that our strategy will keep us in compliance. We have begun revising the bylaws that will need to change to support the change in structure to comply and feel that the bylaw changes are moving a long positively and addressing some very old issues. We will have a board work session 10/28/2022 to finalize strategic planning for HCI and potential RAE 3.0.

HCI is also re-evaluating key staffing positions and trying to make the company more efficient addressing duplication of positions.

**Colorado Behavioral Health Council (CBHC)-** the organization is at an important inflection point. As the delivery, payment and regulatory landscape shifts, one question that has come up is: what type of organizations should CBHC represent in this new landscape in order to best serve Colorado's safety net? CEO's and CBHC staff will be meeting for the quarterly CEO retreat October 26<sup>th</sup> - 27<sup>th</sup>. To answer many of these

questions and finalize/Develop shared understanding of current trends, challenges. Review and determine whether current CBHC mission/vision needs revising. Discuss the key elements necessary to ensure a steady organization that provides the needs of the clients and providers--what is the mission/role of CBHC?

- Review changing dynamics/current/future state
- Update RE: COPA Membership Changes
- Discussion: mission statement and vision of CBHC

Doyle will be transitioning her role as CEO of CBHC

**SYCARE**: No updates this month

**Southern Colorado Health Network (SCHN)**: No update this month

**Local Leadership Connections/Meetings:**

Heather Brooks - Alamosa City Manager

Diana Jones - Alamosa Schools Superintendent

Ronni Wisdom - Alamosa County Administrator

Jania Arnoldi - Valley Wide

Konnie Martin - SLV Health

Gigi Dennis - Monte Vista City Manager (email from Gigi)

This is how full my brain is.....I can't remember if I told each of you how much I appreciated you taking valuable time to visit with the CU President, Regents, and staff. It was very short notice and you all juggled your schedule to share your story. Truly thank you for helping me out and helping to showcase the positives and some concerns we share in Monte Vista. You Rock! If I can help you in any way, please let me know. Cheers, Gigi

Ty Coleman - Alamosa Major

Cleave Simpson - Senator and Interagency Oversight Group (IOG)

David Tandberg - ASU interim president HB 1350 discussion for the SLV - This was a community meeting that had representatives from:
