

Feel at home, be at peace

What Makes Us Different

At Peace Zone Adult Family Home, your family becomes our family. We go beyond the standard definition of senior care. We believe every adult deserves not just safety and support, but also dignity, comfort, and a sense of belonging. That belief is the foundation of everything we do, and it's what sets us apart.

Our home in Auburn, WA is owned and operated by trained Registered Nurses, ensuring expert-level care and oversight at all hours of the day. With 24-hour nursing and Private Duty Nursing services, your loved one will always be in compassionate, capable hands. We specialize in creating personalized care plans for each resident, carefully tailored to their unique health needs, preferences, and routines.

Peace Zone is intentionally designed to feel like a real home rather than a nursing facility. From our cozy living areas and spacious ADA bedrooms to the warm atmosphere of home-cooked meals and the peace of our natural sunlight sunroom, every detail is meant to bring comfort and joy. Our large outdoor patio offers a tranquil space for fresh air, social connection, and relaxation. We plan fun activities throughout the year to keep residents engaged and entertained.

What truly makes us different is our small size and personalized approach. We care for a maximum of six residents, which means our team can focus on each individual without compromise. This intimate environment allows us to build real relationships with our residents and their families, offering a level of attention that simply isn't possible in larger facilities.

We don't just provide services, we create a home. Our staff is committed to making every day count. Whether it's preparing a favorite meal, sharing a conversation, or ensuring medications are managed with precision and care, we strive to make each moment meaningful. We foster a peaceful, respectful environment where seniors can thrive physically, emotionally, and socially. When you choose us, you're choosing more than a care home, you're choosing a compassionate, personalized final home where your family becomes part of ours.

Let us give your loved ones the peace, dignity, and comfort they deserve.
We are there to always care.
