

BUILT ON CONNECTION

Personal Connection.

Real connection with customers through communication and ethical behavior.

Connecting Design to Manufacturing.

We specialize in ensuring designs transfer seamlessly into scaled manufacturing.

Connected Components. Reliable Assemblies.

We are experts at connecting components into assemblies (welding, bonding, sealing).

Connecting Experience with Disposable and Durable Devices.

We excel at sterile disposable devices and electro-mechanical systems.

Supply Chain, Seamlessly Connected.

We comprehensively manage complex supply chains for our customers.

Connecting You to the Market.

Full warehousing and end market distribution services.
