## Monarch Collection

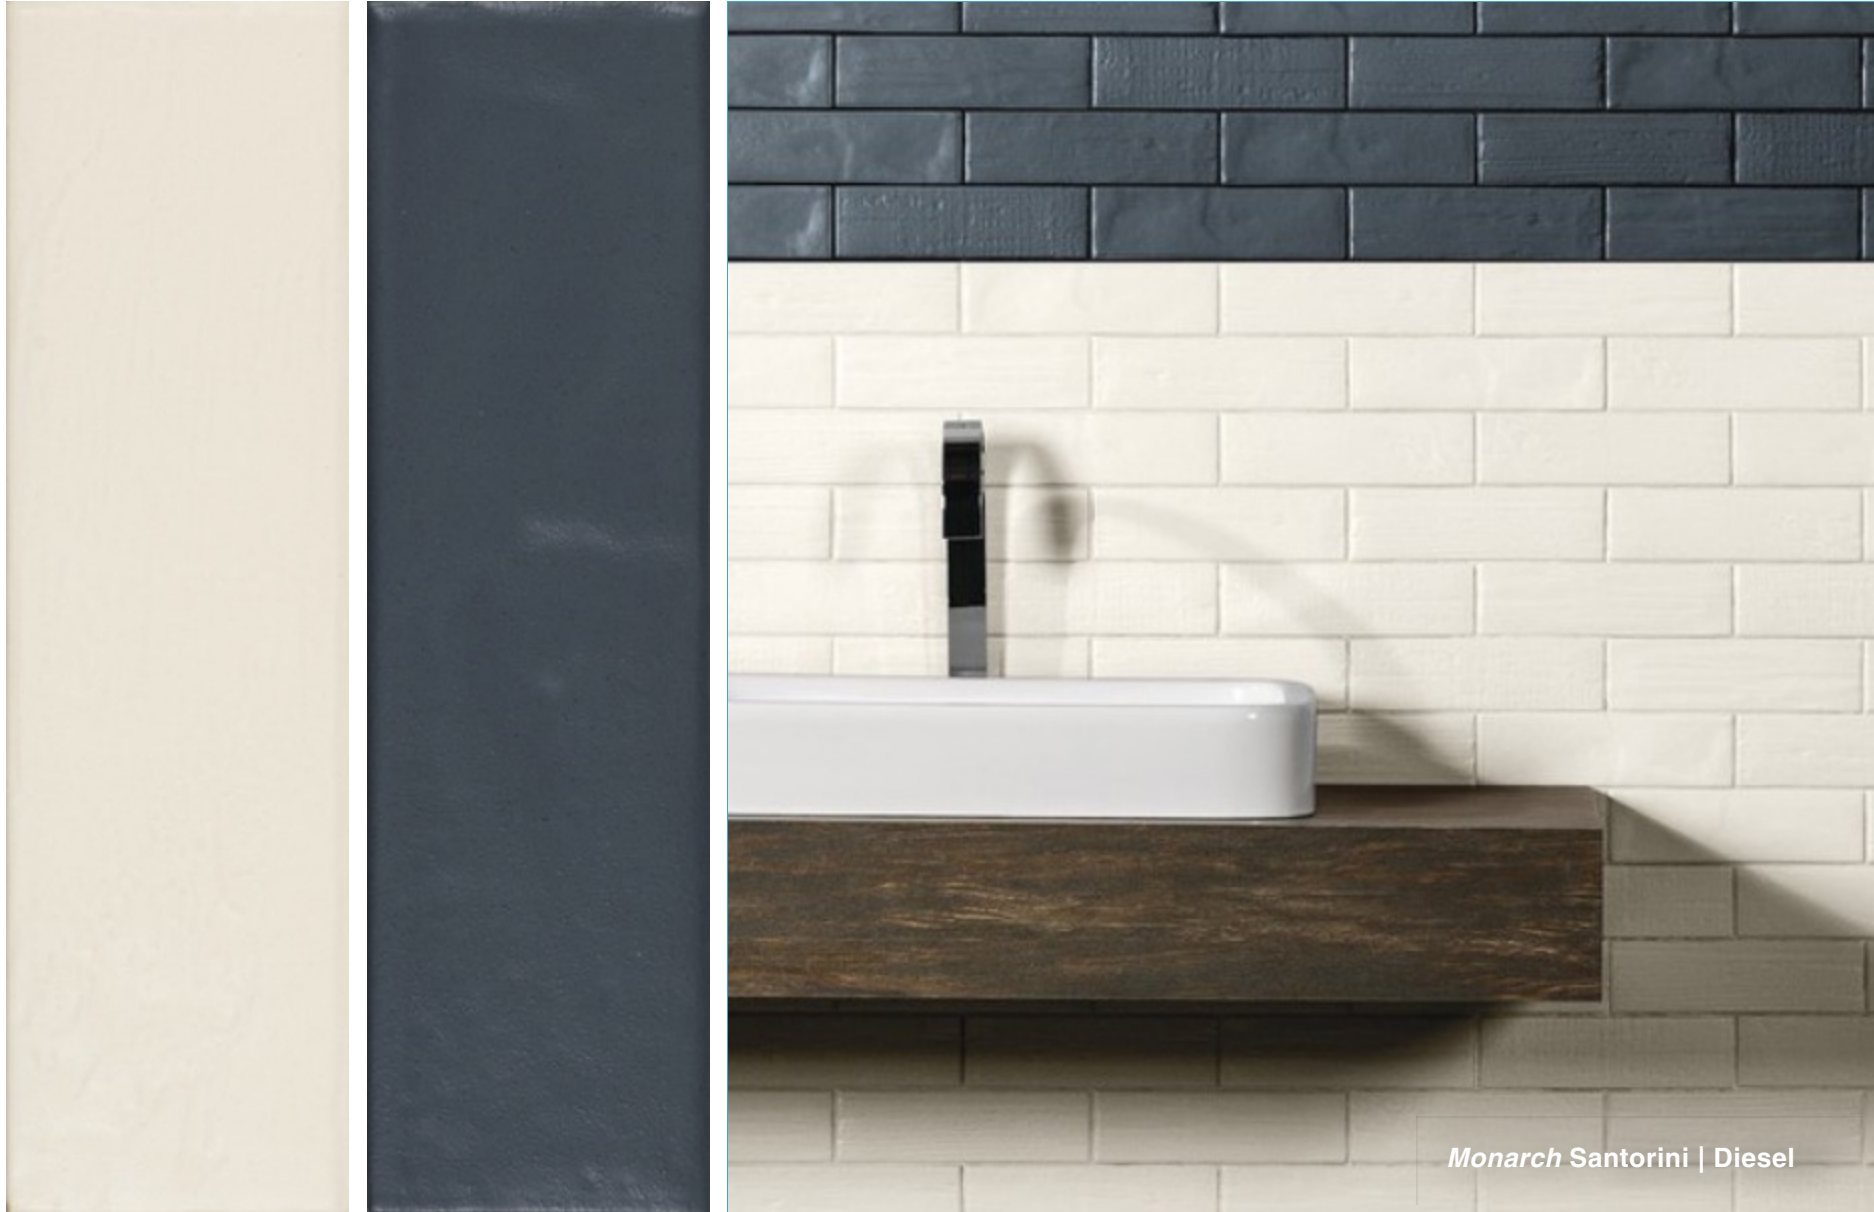

*Every inspiration has a color and creating an inspiring pantone is the concept of Monarch. Color with essence, meaning, history and tailored for interior design.*

*The classic English brick is the basis of color. Surface molded by hand that has been exposed to weather over the centuries undergoes a transformation through painting.*

*Colors have gone through a transformation along the creative process, White colors gained polar shades, green shades translated landscapes and flavors, yellow shades are filled with personality and attitude, and much more to inspire you.*
