SHADOWS

The Linear Stone collection is inspired by a sedimentary rock characterized by different types and sizes of detrital fragments which have amalgamated together over time. This material, cut perpendicularly, creates a harmonious and elegant texture with stripy vein patterns and strong colors. The surface highlights the stratification of the rock with streaks, some more obvious than others, that alternate with uniform areas to create unusual variegated effects of timeless beauty. The delicate colors and highly detailed surface patterns make it versatile and suitable for traditional or contemporary styles, paired with different materials like colored elements and wood.

color and material variations
enhance the allure
of a stone rich in history

dynamic surfaces for atmospheric spaces

Linear Stone encapsulates all the charm of a contemporary stone that combines tactility with soft hues - a range of four warm colors in the 235/8"x471/4" and 1113/16"x235/8" rectified sizes - ideal for floor and wall covering applications in both residential and commercial settings. The collection is complete with a decor in the colors of the plain tiles made from a 3D structure that is able to exalt the incredible variability of the surfaces with light and shade effects that bring out the evocative aesthetic of the wall compositions.

TECH INFO

COLOUR VARIATIONS

V2

Clearly distinguishable differences in texture and pattern within the same production run.

DECORATIVE PIECES

3D

Digital technology and high-definition tactile structure

Mosaic

Mosaic mesh – mounted on fibreglass

TRIMS

Bullnose

Coved Edge Skirting Tile cut from plain tile

PERFORMANCE CHARACTERISTICS	STANDARD	TEST RESULT
Water Absorption	ASTM C373	≤ 0,5
Breaking Strength	ASTM C648 UNI EN ISO 10545/4	≥ 250 lbs ≥ 1300 N
Frost Resistance	ASTM C1026	Resistant
Chemical Resistance	ASTM C650	Resistant
Stain Resistance	UNI 10545-14	Class 5
Slip Resistance	DIN EN 16165 Annex B DIN EN 16165 Annex A ANSI A326.3:2017 DCOF	R10 B (A+B) WET ≥ 0,50

INTENDED USE

H Materials recommended for relatively heavy abrasion levels, also in premises not protected against abrasive substances
