La capsule della collezione dedicata ai prodotti marmorei ottenuti con l'utilizzo di nuove materie prime che riproducono in modo magistrale l'effetto della cristallizzazione del prodotto naturale, ottenuto in milioni di anni, nella parte sottostante alla superficie lucida (Lappata Kristall LK). Una selezione speciale di luminosa bellezza che si evidenzia maggiormente con luce diretta naturale o artificiale. Queste superfici trovano massima espressione nel formato lastra 278x120 cm e, a completamento nel formato 60x120 cm, per l'utilizzo della finitura LK a rivestimento.

The collection's capsule of marble products with the use of new raw materials which magnificently reproduces the crystallisation effect of the natural product, obtained over millions of years, in the lower part of the polished surface (Kristall Lapped LK). A special selection of sparkling beauty, further highlighted with direct natural or artificial light. These surfaces find maximum expression in the 278x120 cm slab and, culmination in the 60x120 cm format, for use of the LK finish as cladding.
