TACTILE SIDE **OF COLOR**

Metric turns color into a tactile design language. Inspired by **handmade textile processes** and the rustic beauty of sisal, the collection reinterprets woven materiality through a **contemporary, architectural lens**. Its palette moves from refined neutrals to greens, merlot, and deep brown, opening space for **bolder, more distinctive compositions** across the portfolio.

Metric Forest 2x10 MATTE PRESSED

What defines Metric is the **precision behind its surface.** Through ceramic innovation, the collection combines a matte finish with a controlled grit effect to recreate the **soft, rustic tactility of textile fibers**, giving color a more **physical, sensorial presence.**

Metric Merlot 6x6 MATTE PRESSED

This balance of **artisanal inspiration and technical intention** allows the surface to feel warm, expressive, and highly resolved.

Metric Ecu 2x10 MATTE PRESSED
Metric Ecu Warp 2x10 MATTE PRESSED

Developed in 6x6 and 2x10 formats, Metric unfolds through two **complementary expressions**: **Relief**, which brings the tactile woven effect into focus, and **Warp**, a quieter plain option designed to give compositions space to breathe.

Metric Merlot 2x10 MATTE PRESSED
Metric Merlot Wrap 2x10 MATTE PRESSED

Together, they create a **flexible system for mix-and-match applications**, where **color, texture, and rhythm** come together with boldness and refinement.
