

OPERATIONS INTERN

Open your mind by joining our progressive, family-oriented grain farm in Garner, IA, as an intern.

Our team is full of unique individuals with multidisciplinary skill sets, and they're all ready to teach you something new.

If you're curious about all sorts of things, why not consider a farm? You won't just be observing, you'll be contributing.

Your day might start with AI running on a triple-stacked GPU and a chicken coop that needs clearing — which one will you tackle first? You might sit in on a post-mortem on why the sprayer got stuck after the morning Kwik Star run with the crew in the “mama van.”

BTW, there's no traditional job description. We'll build an expectation plan during your first week.
