

# PLANTSWITCH

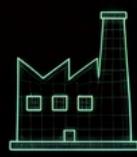

## A BETTER STRAW, BUILT BY NATURE, GONE BY NATURE.

PLANTSWITCH HOME AND INDUSTRIAL COMPOSTABLE ZERO WASTE

DISCARDED PLANT MATTER

ADVANCED BIO-REFINERY

PRODUCT CREATION

HOME COMPOSTING CYCLE

ZERO WASTE  
BREAKDOWN

SOIL ENRICHMENT

### PLANTSWITCH STRAWS PERFORM, THEN THEY DISAPPEAR.

PlantSwitch straws hold their structure from first sip to last. No soggy collapse. No splitting. No weird aftertaste. Just a straw that performs when it's in your drink.

What sets them apart happens after the glass is empty.

PlantSwitch straws are certified home compostable, built to biodegrade in any natural environment. True zero waste, not a workaround.

This is durability without permanence.

Performance without compromise.

**PlantSwitch straws. Built for service. Designed to disappear.**

MAKE THE SWITCH TO A BETTER FUTURE AND A BETTER UPGRADE FOR YOUR BUSINESS.
