

TÖCHTER und SÖHNE

Educational Consulting Services Europe

Consulting Service I (Placement Service)

- Based on the conversations with you and your child as well as the submitted documents (Student Profile, Letter of Motivation, school reports), we create an individual student profile.
- We present your child, together with their individual student profile and our recommendation, to suitable schools and clarify availability as well as specific admission requirements.
- Based on the schools' feedback, we present 3–6 suitable boarding schools for your child and explain the particular features of the selected schools.
- We are happy to arrange on-site visits for you and support you with your travel planning.
- We accompany you through the admissions process until the official offer letter from the school has been issued.
- For the complex visa application process, we provide guidance. We recommend working with a professional visa agency that can handle the process reliably on your behalf. Our clients benefit from a discounted rate.
- In addition, we advise you on all school-related matters until your child starts school.
- From the start of school onwards, direct communication usually takes place between you and the boarding school.

..... 590 Euros

Enhanced Consulting Service II (Coaching Service)

If you would like us to continue supporting you with your individual questions after the start of school, we offer our Coaching Service. In addition to the Placement Service mentioned above, this includes the following additional services:

- We advise you on the selection and/or adjustment of courses and subjects.
- We are your point of contact for questions relating to everyday boarding school life.
- If necessary, we mediate between you, the school and your child.
- We advise you on re-integration into the original school system and on the recognition of foreign qualifications.
- **Included: a 60-minute individual online interview training session** with Ingrid Fiedler Languages – we will put you in touch.

..... 850 Euros

TÖCHTER und SÖHNE

Consulting Agreement Boarding Schools Europe

At Töchter und Söhne, we want you to feel well supported. Please choose the level of support and guidance that best suits your needs. The service fee becomes due as soon as you submit this Consulting Agreement together with the application documents and we begin presenting your child to schools. This is a service fee, not a placement commission, and is payable regardless of whether a school placement ultimately takes place.

Personal Information

.....
Last name, first name of parent/legal guardian/invoice recipient *Name of child*

.....
Invoice address: street, postal code, city

Consulting Service

☐ I book the **Placement Service** and agree to the service fee of EUR 590.00.

☐ I book the **Coaching Service** and agree to the service fee of EUR 850.00.

☐ I have a promo code

☐ I would like to claim the sibling discount
Name(s) of sibling(s)

If one child from the family has already been accepted by a boarding school abroad through Töchter und Söhne, we offer a 50% discount on the service fee for each additional sibling when booking our Coaching Service.

If a sibling wishes to attend the same boarding school as their brother or sister, Töchter und Söhne will support you free of charge. To take advantage of this offer, please submit the sibling's documents to Töchter und Söhne in good time.
