P.O. Box 445
1032 Avenue H
Fort Madison, IA 52627
1-888-404-9026
www.bartinst.com

The Headgrower Hub is a communication gateway between 'Boss controllers and the Headgrower platform.

The Hub can connect up to 50 'Boss* controllers.

No need to run WiFi to all your houses — the communication between the Hub and 'Boss controllers is done via radios. The Hub provides faster update speeds and status indicators for each client controller.

*The ClimateBoss, WeatherBoss, or TimeBoss can utilize the Headgrower Hub for communication with the Headgrower app.

Mobile App & Desktop
access available
