TimeBoss

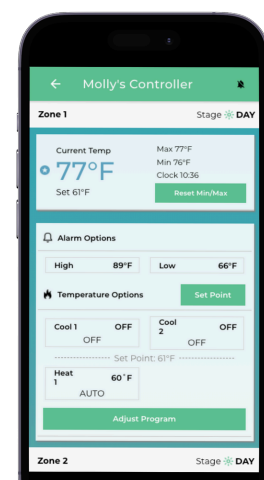

Shade, Lighting & Misting

Ten output timer controller to automate your timed activities like lights or irrigation. The TimeBoss takes automation to the next level. Once you use our easy and intuitive touchscreen interface to program it, you'll find yourself doing less busy work than ever before!

Each timer can be configured to timer or mister. One can be shade control. Also, its Wi-Fi connectivity accompanied allows you to access and modify your timers from your smartphone, with our  **Headgrower** app.

Features:

- Touch screen technology with color graphics display
- Up to 10 Timer Outputs
- Two run times per day, per timer
- WiFi Connectivity; Works with  **Headgrower**
- Optional light (DLI) sensor integration

Mobile App & Desktop
access available
