This transcript includes a record of all programs you have passed for the first time ("Initial") and all programs where you have also completed a refresh of the content ("Refresh"). Refresh passes indicate that you refreshed your knowledge of the content in that program by reviewing all sections of the program and passing the Skills Challenge test again. The completion date for both initial passes of a program and refresh passes of a program are noted under "CompletionDate." Refresh opportunities open after a predetermined period of time has passed since your initial passing of the program's Skills Challenge test (typically one or two years).
