APPLICATIONS FOR LIQUIDATION

MG Mercantile Gazette **publishes notices related to applications to put companies into liquidation as a matter of record only.**

Publication of these notices implies nothing more than an application to wind up a company has been filed with the High Court. In some cases an order to wind up the company will NOT be given. Any authentic information or explanation relating to these notices may be submitted for publication.

COURT APPEARANCES

Any person, other than the defendant company, who wishes to appear on the hearing of the application must file an appearance not later than the second working day before the hearing. Further particulars may be obtained from the court, or from the plaintiff or the plaintiff's solicitor.

DISTRICT COURTS

Summary Judgments

Judgments by Default

In the following cases judgments have been given in the District Courts, or where the amount claimed exceeds $200,000 in the High Courts. It is possible that in some of them Judgment may have been wrongly entered, or the amounts sued for may have been paid prior to the Judgment being given and in no case does publication of the Judgment imply inability to pay on the part of the party named, or anything more than the fact that the Judgment published appeared in the Court Books. Many of the Judgments may have been given in cases of disputed liability and after hearing, it is possible that since the date on which Judgment was given and the time of this publication the Defendants may have paid, or the Judgments may have been set aside. We are willing at all times to insert any authentic information or explanation relating to these Judgments. When forwarding information regarding such Judgments, please include Court in which Judgment was entered and date of entry. Amounts published in Judgments are exclusive of costs.

We sometimes receive letters asking that a Defendant's name in the District Courts should not be published. We regret that these requests cannot be considered, as if we made such omissions, the value of these columns to the business community would be destroyed.
