

UNSIGNED.

wine + spirits

You are invited to meet us at Wine Paris in the **UNSIGNED International Hall.**

At UNSIGNED you'll find 55 top quality small to medium sized producers from many different countries.

Our commonality is that we are looking for distribution in at least 3 of the countries visitors come from to Wine Paris.

Wines Unearthed is one of the most exciting features of Wine Paris - all these fabulous producers together in one place - helping to make your selection of new wines and spirits as easy as possible.

To see more about who is exhibiting visit:
www.winesunearthed.com where, as well as information about the producers, you'll also find details of business size and production methods.

See you there!
