

Job Title : IT Support & ERP Systems Developer (Odoo)

Location: York (Some hybrid available)

Salary: Circa £37k-£40k DOE

Job Type: Full-time, Permanent

Join a growing global electronics distributor and take ownership of our Odoo.sh ERP platform while providing hands-on IT support to around 120 users. This role is ideal for someone who enjoys variety, problem-solving, and real responsibility within a small, friendly team.

Key Responsibilities

- Develop, maintain, and improve our Odoo.sh ERP system
 - Support migration from legacy ERP platforms
 - Build integrations, automations, and workflows
 - Provide 1st & 2nd line IT support
 - Support Windows 11, Microsoft 365, Azure, and Windows Server environments
 - Troubleshoot networking, hardware, and application issues
-

About You

Essential:

- ERP development experience (Odoo preferred)
- Azure, Windows Server Administration and Networking experience
- Experience providing IT support to users
- Strong problem-solving and technical troubleshooting skills
- Python & XML integrations

Desirable:

- Odoo / Odoo.sh
- Microsoft 365 admin

What We Offer

- Healthcare cash plan (up to £2,000)
 - Company bonus scheme
 - Pension
 - 28 days holiday (incl. bank holidays)
 - Free on-site parking
 - Hybrid working (1 day WFH + flexible day per month)
 - Long-term progression in a global business
-
