SPORTFISHING BOATS

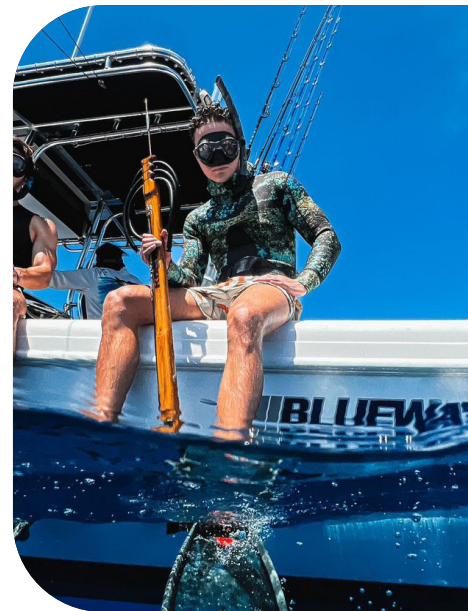

## BLUEWATER 2850

Bluewater's 2850 Center Console is built strong for those who know the sea. At 31' overall, the 2850 thrives offshore and features a wide 9' 5" beam that makes her an exceptionally stable fishing platform even in the roughest conditions.

Innovative weight distribution permits the console to be farther forward than most other center console designs, for the biggest fishing cockpit you'll find among boats of similar length. With a 24-degree deep vee hull, reverse chines, the safety of high gunwales and Bluewater's famously flat, smooth ride in all conditions, the 2850 will get you to the farthest fishing grounds and back quickly and comfortably.

### BLUEWATER 2850 SPECS

LOA (including bracket)	31' 1"
LOD	28' 6"
Beam	9' 5"
