Investigative Report

KBI24-735/2

On December 2, 2024, at approximately 9:42 AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] received a phone call from KBI Assistant Special Agent In Charge (ASAC) [REDACTED]. He advised SA [REDACTED] that earlier that morning, a 911 call was received regarding a gunshot victim at [REDACTED], Edwardsville, Kansas. The victim, Roger GOLUBSKI, was discovered deceased on the back porch with an apparent gunshot wound. ASAC [REDACTED] requested SA [REDACTED] respond to the scene as case agent.

At approximately 10:30 AM, SA [REDACTED] arrived and made contact with Wyandotte County District Attorney (DA) Mark DUPREE, EDWARDSVILLE POLICE (EPD) Chief [REDACTED] and KBI SA [REDACTED]. DA DUPREE informed SA [REDACTED] that Kayla ROEHLER, one of his Assistant District Attorneys would be on scene shortly to facilitate obtaining search warrants. SA [REDACTED] was briefed by Chief [REDACTED] that GOLUBSKI's body was located on the back porch. He also advised him that Lorene STEWART, one of the residents of home was sitting inside with EPD Officer [REDACTED]. She was in the residence because she told the officers she did not have any other place to go. Due to the extremely cold weather and concerns about her health, it was decided she could remain in the living room of the home while an EPD officer sat with her. DA DUPREE requested to be escorted to the back porch to view the scene. EPD Detective [REDACTED] escorted DUPREE and the KBI Agents.

SA [REDACTED] observed GOLUBSKI sitting on floor of the back porch, facing the house with his back propped against the southwest corner post of the porch. He appeared to have blood on the front of his face, body and hands. There was an apparent close contact gunshot wound located near the right temple of his head. A black .380 Smith & Wesson MP Shield pistol was sitting on a chair in the adjacent corner. [REDACTED] stated that the first officer on scene located the pistol and removed it from GOLUBSKI'S hand and placed it in that chair. SA [REDACTED] noticed the gun appeared to have blood on it and it did not have a magazine inserted in it. Additionally, he noticed a cell phone beside GOLUBSKI'S right leg on the floor of the porch.

SA [REDACTED] made contact with STEWART and identified herself. She had a stack of letters that she said were from GOLUBSKI. SA [REDACTED] advised her to sit them down and he would collect them later after he had a warrant.

DA DUPREE departed the scene and SA [REDACTED] began writing an affidavit and search warrant for the residence, GOLUBSKI'S vehicle, which was parked in the driveway, and the cell phone located beside GOLUBSKI. For further information regarding the search warrants, refer to the reports completed by SA [REDACTED].

Kansas Bureau of Investigation CMS
Investigative Report

SA [REDACTED] went to the Wyandotte County Command Post and waited for a district judge to sign the search warrants before proceeding further with the scene.

Investigative Report

KBI24-735/3

On December 2nd, 2024, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] responded to [REDACTED] Edwardsville, KS, to assist Senior Special Agent (SSA) [REDACTED] and SA [REDACTED] with a death investigation. Roger GOLUBSKI had been discovered deceased on the back porch of this residence by the EDWARDSVILLE POLICE DEPARTMENT earlier that morning.

After arriving at the scene, SA [REDACTED] met with SSA [REDACTED] and SA [REDACTED]. SSA [REDACTED] requested he contact and interview ROGER's son Matthew GOLUBSKI. SA [REDACTED] contacted and introduced himself to MATTHEW, who was outside near the residence. SA [REDACTED] audio recorded his conversation with MATTHEW, and later attached the recording to this report. MATTHEW explained that ROGER had lived at this residence ([REDACTED] Edwardsville, KS) his whole life. Lorene STEWART also lived at the residence with his father, and she had lived there for about ten years.

MATTHEW said that he had last talked to ROGER this morning at about 7:00 am, for a couple minutes. He said that ROGER was despondent, and MATTHEW tried to "talk him off the ledge." He told his father that he loved him. ROGER told MATTHEW during the conversation that he "was not strong enough to do this," referring to his court trial that was scheduled to start today.

MATTHEW later received a phone call from STEWART, who told him ROGER had shot himself. STEWART told MATTHEW that she had called the police, and the police were there. MATTHEW said he hung up the phone and came right over. When he arrived at the residence, the police were there.

SA [REDACTED] asked MATTHEW if he believed there was any foul play involved, or if ROGER's death was not a suicide. MATTHEW believed this was a suicide. MATTHEW said that ROGER was depressed, and the pressure of the allegations against him were great. SA [REDACTED] asked if ROGER had any guns. MATTHEW explained that when ROGER was arrested, MATTHEW took possession of all of his guns. He was not aware that ROGER had any guns.

SA [REDACTED] provided MATTHEW information about the investigation, and obtained his contact information.

On December 04, 2024 at 8:41 AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] contacted Captain [REDACTED] with the KANSAS CITY KANSAS POLICE DEPARTMENT'S COMMUNICATION UNIT. SA [REDACTED] requested any 911 calls into dispatch the morning of December 02, 2024 regarding [REDACTED] Edwardsville, Kansas. The CAD notes from the EDWARDSVILLE POLICE and FIRE/MEDICAL were also requested.

At 8:48 AM, SA [REDACTED] received the requested items from CAPTAIN [REDACTED]. The only call to the aforementioned address was from Lorene SMITH at 9:05 AM. SMITH was clearly distraught and in shock as she spoke to police and fire dispatch. During the call, she identified Roger GOLUBSKI as having shot himself in the head on the back deck and stated he was bleeding to death.

In the CAD notes, at 09:09:07 AM, medical personnel added the following notes:

- He has received a gunshot wound
- This appears to be an OBVIOUS DEATH
- The patient is unquestionably dead

Investigative Report

KBI24-735/6

On December 02, 2024 at 9:45 AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] was contacted to assist the EDWARDSVILLE POLICE DEPARTMENT (EPD) with a death investigation of Roger GOLUBSKI.

At 10:14 AM, SA [REDACTED] arrived at [REDACTED] Edwardsville, Kansas, and made contact with EPD Chief [REDACTED]. [REDACTED] advised officers were dispatched to a medical call and identified GOLUBSKI as the deceased (EPD Case number P202401618).

SA [REDACTED] spoke with EPD Detective [REDACTED] who advised that at 9:05 AM a 911 call was received from an individual named "STEWART," regarding a death investigation. At 9:07 AM, EPD officers were dispatched to the area and at 9:08 AM the call was changed to a suicide. Officers located a deceased GOLUBSKI, slumped over on the back deck on the west side of the residence. A firearm was removed from GOLUBSKI'S hand and placed on a chair across from him. Officers observed an apparent gunshot wound to GOLUBSKI'S right temple with contact residue.

Detective [REDACTED] also advised SA [REDACTED] that Officer [REDACTED] interviewed the caller and resident of the address, Lorene Denise SMITH. SMITH stated she woke GOLUBSKI at 6:00 AM and helped him get dressed for court. At 8:30 AM, she watched GOLUBSKI leave the residence and she went back to sleep. At some point, SMITH awoke to the sound of a large boom, which she identified as coming from the back of the residence. When she walked towards the back deck, she observed GOLUBSKI slumped over with blood coming from his head. SMITH immediately called 911, which was logged at 9:05 AM.

Which is/are items of contraband or are fruits, instrumentalities or evidence of the offenses of: Suicide.

I, [REDACTED] a Special Agent with the Kansas Bureau of Investigation, being of lawful age, having first duly sworn upon my oath, do hereby depose and state:

On December 02, 2024 at 1014 hours, Special Agent [REDACTED] with the Kansas Bureau of Investigation, arrived at [REDACTED] Edwardsville, Wyandotte County, Kansas, on a suicide.

At 0905 hours, a 911 call was received regarding a death investigation at the aforementioned address. Edwardsville PD officers arrived on scene and located a deceased male on the back porch, which faces west, and identified the deceased to be Roger Golubski (W/M [REDACTED] 1952). Officers observed a firearm in Golubski's hand and moved it to a chair across from Golubski.

Officers spoke with a female in the residence, Lorene Smith, who advised Golubski left for his scheduled trial in Topeka, Kansas at 0830 hours and she went to sleep. At approximately 0905 hours, she called 911 after hearing a loud boom and observed Golubski slumped over on the back porch.

Lorene located several letters in the household, addressed to her, his son, and other family members. She believed them to be suicide letters.

An apparent entry wound to Golubski's right temple was observed with contact gunshot residue.

I certify the foregoing to be true and correct, under penalty of perjury. Dated December 02, 2024.

On December 2, 2024 at approximately 12:10 PM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] was notified by SA [REDACTED] that when they executed the residential warrant, Lorene SMITH grabbed the letters and put them in her shirt pocket. When SMITH was asked to hand over the letters she refused stating, "Their on my person and you don't have a warrant to search my person".

SA [REDACTED] submitted an affidavit and search warrant to search Lorene SMITH's person for the letters.

At 12:10 PM, the WYANDOTTE COUNTY DISTRICT COURT Honorable Judge Jennifer MYERS, authorized the execution of the warrant.

At approximately 12:40 PM, SA REGLIN executed the warrant. SA [REDACTED] requested the letters and SMITH handed them over with no further incident.

A copy of the search warrant was provided to SMITH.

The letters were in white envelopes and were addressed to the following:

- Chief [REDACTED]
- Matthew "Plans-Do List"
- Lorene
- [REDACTED] (identified to be GOLUKSKI's probation officer)
- Mr. Matthew GOLUBSKI

I, [REDACTED], a Special Agent with the Kansas Bureau of Investigation, being of lawful age, having first duly sworn upon my oath, do hereby depose and state:

On December 02, 2024 at 1014 hours, Special Agent [REDACTED] with the Kansas Bureau of Investigation, arrived at [REDACTED] Edwardsville, Wyandotte County, Kansas, on a suicide.

At 0905 hours, a 911 call was received regarding a death investigation at the aforementioned address. Edwardsville PD officers arrived on scene and located a deceased male on the back porch, which faces west, and identified the deceased to be Roger Golubski (W/M [REDACTED] 1952). Officers observed a firearm in Golubski's hand and moved it to a chair across from Golubski.

Officers spoke with a female in the residence, Lorene Smith, who advised Golubski left for his scheduled trial in Topeka, Kansas at 0830 hours and she went to sleep. At approximately 0905 hours, she called 911 after hearing a loud boom and observed Golubski slumped over on the back porch.

An apparent entry wound to Golubski's right temple was observed with contact gunshot residue.

Lorene confirmed the only vehicle Golubski was known to drive was the red 2011 Ford Taurus (KS 7829ADJ).

Golubski is on pretrial release the United State District Court for the District of Kansas. Generally, an individual on federal pre-trial release is prohibited from possessing firearms and ammunition. At 1145 hours, an honorable Wyandotte County Judge authorized the execution of the warrant.

KBI Agents executed the warrant and asked Lorene for the suicide letters to which she replied, "Their on my person and you don't have a warrant to search my person".

I certify the foregoing to be true and correct, under penalty of perjury. Dated December 02, 2024.

I, [REDACTED] a Special Agent with the Kansas Bureau of Investigation, being of lawful age, having first duly sworn upon my oath, do hereby depose and state:

On December 02, 2024 at 1014 hours, Special Agent [REDACTED] with the Kansas Bureau of Investigation, arrived at [REDACTED] Edwardsville, Wyandotte County, Kansas, on a suicide.

At 0905 hours, a 911 call was received regarding a death investigation at the aforementioned address. Edwardsville PD officers arrived on scene and located a deceased male on the back porch, which faces west, and identified the deceased to be Roger Golubski (W/M [REDACTED] 1952). Officers observed a firearm in Golubski's hand and moved it to a chair across from Golubski. A black Google Pixel 6a was observed in close proximity to his right hand, covered in blood.

Officers spoke with a female in the residence, Lorene Smith, who advised Golubski left for his scheduled trial in Topeka, Kansas at 0830 hours and she went to sleep. At approximately 0905 hours, she called 911 after hearing a loud boom and observed Golubski slumped over on the back porch.

An apparent entry wound to Golubski's right temple was observed with contact gunshot residue.

At 1145 hours, the honorable Judge Myers with the Wyandotte County District Attorney's Office, [REDACTED] Edwardsville, Wyandotte County, Kansas.

During a search, two cell phones were seized, a black Google Pixel 6a, which was lying near his right hand and a black Galaxy A14, which was located in his bedroom. Smith identified the phone in the bedroom as being the "house" phone and identified both the house phone and the phone located on the back deck as belonging to Golubski.

Additionally, handwritten letters by Golubski were located and seized as evidence. In a letter to Chief [REDACTED] Golubski mentions obtaining an "Undetectable" firearm, where the means of a phone would have been utilized for meetup and transaction purposes.

During the course of the investigation, it was discovered that Golubski was on the phone prior to his suicide.

Affiant's knowledge, training and experience, indicates she knows searching and seizing information from cell phones requires it to be conducted by a qualified examiner. Thus, the Affiant requests the courts permission to authorize the search and seizure of information obtained from the cell phones to be conducted by any law enforcement agency or examiner with the necessary qualifications to do so.

I certify the foregoing to be true and correct, under penalty of perjury. Dated December 05, 2024.

KBI24-735/11

On December 3, 2024 at approximately 11:00 am, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA [REDACTED]) responded to [REDACTED] Edwardsville, Kansas, and was tasked to locate witnesses in the neighboring homes.

At approximately 11:12 am, SA [REDACTED] attempted contact at [REDACTED]. The resident, Lillie OWENS ([REDACTED] cell) stated she was home alone all night, did not hear or see anything.

At approximately 11:33 am, SA [REDACTED] attempted contact at [REDACTED] but there was no answer from the door.

At approximately 11:39 am, SA [REDACTED] contacted the resident of [REDACTED] Doran SCHIERBAUN stated no one heard or saw anything.

At approximately 11:45 am, SA [REDACTED] contacted the resident of [REDACTED] Thomas BURDOLSKI. BURDOLSKI stated that no one saw or heard anything from his residence. BURDOLSKI had a camera facing the general area of the scene but the camera did not capture the incident.

The resident of [REDACTED] was not home at the time but communicated via an electronic door bell (ring) with KBI agents. Jacob WILLIE stated no one saw or heard anything and his camera on the rear of the property did not capture anything.

SA [REDACTED] attempted contact at [REDACTED] but no one answered the door.

At approximately 11:58 hours, SA [REDACTED] contacted the resident of [REDACTED], Cathy DONNELL. She stated that between 08:00 am and 08:30 am, she believed she may have heard a loud noise similar to a gun shot. DONNELL exited her house to let the dog outside but did not see or hear anything until later when several emergency vehicles arrived to the decedent's house.

SA [REDACTED] attempted contact at [REDACTED] but no one answered the door.

SA [REDACTED] contacted the resident at [REDACTED] Billie TORRES. TORRES said she believed she heard a gunshot at approximately 09:00 am but did not hear any squealing tires or people running. TORRES said her cameras do not work.

This concluded the neighborhood canvassing of SA [REDACTED]

KBI24-735/12

On December 2, 2024, at approximately 11:00 a.m. KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] responded to a death investigation at [REDACTED] Edwardsville, Kansas.

Upon arrival to the scene, the case agent, KBI Senior Special Agent (SSA) [REDACTED] assigned SA [REDACTED] to document and collect evidence from the scene.

SA [REDACTED] completed overall photos of the scene and placards were placed on evidence observed. The decedent was sitting on the rear porch of the property, outside the residence. The porch was approximately ten feet wide by ten feet long. The decedent was on the south west corner of the porch.

There was an M&P shield firearm (serial number [REDACTED]) on top of a chair approximately ten feet from the decedent, on the North West corner of the porch. A responding law enforcement officer had placed it there after removing it from the decedent's lap (exhibit #1).

The handgun had no rounds in the chamber. There was no magazine inserted in the handgun or located anywhere at the scene. A spent cartridge casing was located approximately one foot from another chair, on the floor and on the south east corner of the porch (exhibit # 5).

SA [REDACTED] located a black cell phone on the floor right next to the decedent. The cell phone was a GOOGLE phone model Pixel 6a. The cell phone was partially covered in blood. SA MURRA collected the phone from the scene and later booked it as evidence at the KBI forensic laboratory (exhibit #2).

Kansas Bureau of Investigation CMS
Investigative Report

SSA [REDACTED] located another cell phone inside a bedroom of the residence. The cell phone was on top of a dresser in what was presumed to be the decedent's bedroom. The cell phone was a SAMSUNG, black color, galaxy model phone. SA [REDACTED] collected the phone and later booked it as evidence at the KBI laboratory (exhibit #3).

SA [REDACTED] collected letters written by the decedent and addressed to multiple persons. SA [REDACTED] obtained the letters from Loren SMITH who was on scene and was a resident at the property. The letters were photographed (exhibit # 4) and SA [REDACTED] later booked them at the KBI laboratory.

SA [REDACTED] requested an examination of the firearm for fingerprints, a DNA examination of blood on the firearm, a DNA examination of any other biological material and a function test of the firearm from the KBI laboratory.

This concluded the duties of SA [REDACTED] at the scene of this incident.

Investigative Report

KBI24-735/13

On December 3, 2024 at approximately 10:30 AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agents (SA) [REDACTED] and [REDACTED] attended the autopsy of Roger GOLUBSKI. The autopsy took place at FORENSIC MEDICAL OF KANSAS, 2000 Merriam Lane in Kansas City, Kansas (KCK).

Forensic Pathologist Dr. [REDACTED] conducted the autopsy and Autopsy Technicians [REDACTED] and [REDACTED] assisted. To assist in the documentation of the autopsy, photographs were taken by Autopsy Technician [REDACTED]

Prior to the autopsy beginning, [REDACTED] photographed the sealed body bag which was used to transport GOLUBSKI to FORENSIC MEDICAL. The body bag was secured with seal #046607 and the bag had the following information written on it: Roger Golubski, [REDACTED] 2024, WYCO, #230

When the body bag was opened, GOLUBSKI was wearing a blue dress shirt, a dark blue jacket, black pants, black socks, brown dress shoes, and an ankle monitor on his right ankle. The clothing was determined to have no evidentiary value so they were removed and disposed of by the autopsy technicians. The ankle monitor was set aside to be collected later.

Upon visually inspecting GOLUBSKI'S body, SA [REDACTED] observed what appeared to have been a gunshot wound located near the right temple of his head. That wound also had what appeared to be a burn mark commonly associated with a close contact gunshot wound. Additionally, he also had a bruise on his left bicep. Not until an internal examination is completed that the details and the extent of the injuries can be determined. It should be noted that metallic fragments that appeared to be bullet fragments were removed from inside GOLUBSKI'S skull and collected as evidence.

The metallic fragments, the ankle monitor, a set of finger and palm prints as well as a FT Card were submitted to the KBI FORENSIC SCIENCE CENTER.

Once the autopsy was completed, Dr. [REDACTED] informed SA [REDACTED] she located burn marks inside the gunshot wound that are consistent with having the barrel of a gun pressed against the skin when fired.

She informed him she would complete a Provisional Anatomic Diagnoses report (PAD) and provide it as soon as possible.

Copies of the digital photos taken by Autopsy Technician [REDACTED] are attached to this report.

The evidence and custody receipt as well as the LIMS report are attached to the report.

Investigative Report

KBI24-735/14

On December 2, 2024, at approximately 1:04 PM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agents [REDACTED] and [REDACTED] interviewed Lorene STEWART. The interview took place at her residence, [REDACTED] Edwardsville, Kansas. The purpose of the interview was to gather information regarding the death of her roommate, Roger GOLUBSKI.

The interview was audio recorded, and the following information represents a basic summary of statements during the course of the interview. It is neither intended to reflect a verbatim of the interview, nor is it necessarily presented in chronological order.

STEWART identified herself as a "really good friend," of GOLUBSKI'S, and added that they met in 1991. Although he was a friend, she acknowledged the two of them had been in a romantic relationship in the past. Five years ago, GOLUBSKI had a heart surgery, so she returned from living in Mississippi and moved in with him to help take care of him. After he was placed on parole, she agreed to take care of him and be responsible for him. STEWART said he had a "boatload" of medical issues that she was helping him with.

That morning, STEWART woke up at 6:00 AM because GOLUBSKI was planning on leaving for court at 7:00 AM. She had previously explained that she lives in the basement and GOLUBSKI lives on the main level of the residence. When she woke up, she went up the stairs to see him. He was dressed and took a phone call from his attorney.

They watched TV in the living room until 8:30 AM when it was time for him to leave. In her mind, he was going to win his trial because GOLUBSKI'S attorney told her he was going to win. She was looking forward to his attorney cross-examining the witnesses that testified against him. GOLUBSKI left the residence through the garage and departed. Typically, she would go with him to his court appearances, but GOLUBSKI did not want her to be there this day. He told her protesters were being brought in from Kansas City and planned on appearing at his trial in Topeka. He did not want her subjected to that environment.

After he left, she returned to her bed and laid down to sleep. At 9:05 AM, she heard a gunshot which startled her. She went upstairs and saw GOLUBSKI on the back porch with his back against the corner of the southwest corner. She observed blood coming out the side of his head. At this point in the interview, STEWART began to weep expressing disappointment in her actions. She said she couldn't go out to him and help because there was "so much blood." She wanted to go out and apply pressure to make it stop, but called 911 instead. She was upset because she "couldn't save him."

She stayed on the phone with the dispatcher until help arrived. When the first responders arrived, she opened the front door and guided them to GOLUBSKI'S location.

Kansas Bureau of Investigation CMS
Investigative Report

She did not know where and when he obtained the pistol, she had never seen the gun before. Additionally she said she had no idea where he would have hid the gun in the home. She stated his probation officer routinely searched the house. During the search they would search the entire home. The parole officer last searched the home in November.

At times during the interview, STEWART became angry at GOLUBSKI for killing himself. She called him selfish for committing the act, especially while she was in the home. She said, "He had no regard for anybody but himself, that's so selfish." She couldn't comprehend why he would kill himself being this close to the end of the ordeal. His actions really hurt her, she went through this fight with him and he quit close to the end.

GOLUBSKI only mentioned the possibility of suicide to her one previous time during the last five years. It occurred after he was arrested and charged for the crimes in which he was scheduled to appear for that morning.

STEWART identified the cell phone in GOLUBSKI'S bedroom as the house phone. She also informed investigators that he does not use a password to lock his phone.

The interview concluded at 1:29 PM.

On December 2, 2024, at approximately 12:00 PM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] assisted in executing a search warrant at [REDACTED] Edwardsville, Kansas.

SA [REDACTED] entered into the residence through the designated front door on the east side of the home. Once inside, he was standing the living room area. He searched the living room but found nothing of evidentiary value. It should be noted that one of the residents, Lorene STEWART was sitting in the living room. Earlier she claimed to possess possible suicide letters written by Roger GOLUBSKI. She refused to hand them over and claimed that the search warrant did not cover her person. SA [REDACTED] exited the residence and made contact with WYANDOTTE COUNTY DISTRICT ATTORNEY'S OFFICE Assistant District Attorney Kayla ROEHLER and KBI SA [REDACTED] and informed them of the letters. SA [REDACTED] began writing a search warrant for STEWART and ROEHLER called a Wyandotte County District judge and informed him an affidavit and search warrant for STEWART's body would be forth coming.

SA [REDACTED] re-entered the home and searched the kitchen and bathroom. Nothing of evidentiary value was located.

He next searched the bedroom that was identified as GOLUBSKI'S bedroom. A cell phone was located on top of the dresser located in the southwest corner of the room. The item was marked with evidence marker 3.

SA [REDACTED] next searched GOLUBSKI'S home office and then the garage. Nothing of evidentiary value was located.

SA [REDACTED] did not search the basement of the residence. STEWART informed him that was her living quarters. Based on the information she provided and after looking around in the area, SA [REDACTED] concluded it was where she stayed and did not search it further.

For further information regarding the collection of the evidence, please refer to SA [REDACTED] report.

On December 2, 2024, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent [REDACTED] reviewed letters collected from the residence of Roger GOLUBSKI. The letters were collected earlier that day during the service of a search warrant at GOLUBSKI'S residence, located at [REDACTED], Edwardsville, Kansas. Prior to being transferred to the KANSAS FORENSIC SCIENCE CENTER as evidence, KBI SA [REDACTED] scanned the letters and sent them to [REDACTED] via email.

The following contains an evidentiary synopsis of each letter. For additional information including the full content of each letter, refer to copies of the letters which are attached to this report.

The envelope addressed to EDWARDSVILLE POLICE DEPARTMENT (EPD) Chief [REDACTED]

He congratulates [REDACTED] on becoming the Chief of EPD. He explains his health issues then explains his legal issues. GOLUBSKI writes, "[REDACTED]" in regard to his criminal and civil trials. He further writes, "[REDACTED]" and additionally he writes, "[REDACTED]"

In regard to the firearm, he informs Chief [REDACTED] "[REDACTED]" It should be noted GOLUBSKI is referring to Lorene STEWART, his roommate.

He opens his last paragraph with the sentence, "[REDACTED]" He signs the letter "Roger Golubski 11-29-2024"

The next envelope is addressed to [REDACTED]

This was his US Pretrial Services Supervision Report. He signed and dated it 11-26-24

The third envelope was addressed to Lorene STEWART:

GOLUBSKI begins by expressing his love and appreciation for STEWART. He further expresses his gratitude for helping take care of him.

In the second paragraph of the second page, he wrote, "[REDACTED]"

Finally, there were two separate letters to Matthew GOLUBSKI.

The first letter he titled "[REDACTED]"

Kansas Bureau of Investigation CMS
Investigative Report

In that letter, he outlined his funeral desires, his burial plot, and the clothing he wanted to be buried in. He discusses the taxes on the home and the registration on his vehicle. He also informs Matthew about his life insurance and other financial concerns.

GOLUBSKI concludes this letter with the following. "[REDACTED]"

GOLUBSKI begins the second letter with "[REDACTED]" In the rest of the letter, he tells Matthew what it was like raising him as his father. In the end, GOLUBSKI tells Matthew that he loves him and tells him to stay strong.

KBI24-735/18

On December 05, 2024 at 1:10 PM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] left a voice mail for [REDACTED] Roger GOLUBSKI'S, federal probation officer.

On December 09, 2024 at 1:41 PM, SA [REDACTED] left another voice mail for [REDACTED] to contact her regarding GOLUBSKI.

At 1:56 PM, [REDACTED] contacted SA [REDACTED] via phone. [REDACTED] affirmed she monitored GOLUBSKI daily and a majority of his locations were at his [REDACTED] treatment and his attorney's office in Lawrence, Kansas.

[REDACTED] said she would check into GOLUBSKI'S locations and the firearm magazine that was found in his residence during one of their check ins and get back to SA [REDACTED] with any additional information.

On December 10, 2024 at 4:09 PM, SA [REDACTED] received a call from [REDACTED]. [REDACTED] looked into GOLUBSKI'S last 30 days and identified nothing out of the ordinary. Three times a week GOLUBSKI went to [REDACTED] located at [REDACTED] Lenexa, Kansas. The other regular location he was known to be at was his attorney's office in Lawrence, Kansas. Most of the time, GOLUBSKI'S location was at her residence in Edwardsville, Kansas.

The common route GOLUBSKI would take to [REDACTED] and his attorney's office was routine. He travelled south on 9th street to Edwardsville Drive where it turned into South 110th Street. GOLUBSKI would then get onto I-70.

On December 02, 2024, GOLBUSKI was tracked travelling on the same route, but instead of continuing onto I-70, he turned at a roundabout, which is located at South 110th Street and Riverview Drive, and headed back to his residence.

[REDACTED] identified her first contact with GOLUBSKI was September 20, 2022. On this date she located firearm ammunition, holsters and other firearm paraphernalia. She advised him he could not be in possession of those items and called his son, Matthew GOLUBSKI to come retrieve them.

[REDACTED] advised she received an email from GOLUBSKI'S son, Matthew GOLUBSKI (Matthew) advising he had retained all of GOLUBSKI'S firearms and their paraphernalia.

[REDACTED] was not was permitted to search GOLUBSKI'S residence due to him only being on pre-trial supervision. She never observed any firearms or their paraphernalia in plain view during their unscheduled visits. [REDACTED] noted that when she did ask to open closet doors and drawers, he always consented.

Case Number: KC24-12-019

Completed Date: 12/04/2024

On 12/02/2024 at 1330 hours, Forensic Medical of KS was contacted by the Edwardsville PD and the KBI regarding the suspected suicide of a 71 y/o white male.

The decedent's extensive medical history includes [REDACTED]. The decedent's roommate heard a gunshot come from the back porch of the residence and called 911. Edwardsville PD arrived and located the decedent on the back porch with an apparent self-inflicted GSW to the right temple; they did not observe an exit wound. A .380 caliber handgun was located near the decedent. The magazine was empty, and it appeared only one round was placed in the handgun. It was stated that several suicide letters were in the residence, KBI was summoned and is assisting with the case and the decedent had an ongoing Federal Trial that was starting on the morning of 12/2/2024.

Wyandotte CO Coroner accepted jurisdiction, and the decedent was removed from the scene and transported to FM by First Call for an exam on 12/3/2024 with KBI attending.

Records were requested and will be attached for review. It should be noted that KBI will not release their reports to the ME Office.

KBI24-735/21

On December 5, 2024, at approximately 8:42 AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent [REDACTED] received the BUREAU OF ALCOHOL, TOBACCO, AND FIREARMS (ATF) trace report on the weapon used by Roger GOLUBSKI. The trace had been requested by KBI Criminal Analyst [REDACTED]

The pistol is a Smith and Wesson, M&P 380 Shield EZ. The serial number is [REDACTED]

The pistol was originally purchased in May 5, 2021.

For additional information, refer to a copy of the Trace Report which is attached to this report.

On July 1, 2002, the Kansas Legislature amended K.S.A. 28-176, requiring the KBI Laboratory to collect a \$400 fee from defendants convicted in cases in which the KBI performed an analysis. The purpose of the law is to require defendants to pay for the cost of the examination. This fee is in addition to any other court costs or fees assessed in the case.

The fees collected are used for providing laboratory services, purchase and maintenance of equipment, education, training and scientific development of lab personnel and for use in the destruction of seized property and chemicals.

The KBI appreciates your assistance in notifying prosecutors that this fee shall be included in any plea agreement or upon conviction. Enclosed is a suggested sample order of court costs for laboratory fees which can be utilized to formulate the court order.

Case No. _____

ORDER OF COURT COSTS FOR LABORATORY FEES

Pursuant to K.S.A. 28-176

This matter comes before the court for consideration of a motion by the State of Kansas, through the undersigned attorney, for an order of court costs in the amount of \$400.00 per offense for forensic science or laboratory services or forensic computer examination services provided in connection with the investigation in this case. K.S.A. 28-176 provides that any person convicted or diverted, or adjudicated or diverted under a preadjudication program pursuant to K.S.A. 22-2906 or seq., 38-2346 et seq., or 12-4414, and amendments thereto, of a misdemeanor or felony contained in chapters 21, 41, or 65 of the Kansas Statutes Annotated, or a violation of K.S.A. 8-2-144 or 8-1567, shall pay a separate court cost of \$400.00 to the Kansas Bureau of Investigation for each offense in which forensic science or laboratory services, forensic computer examination services or forensic audio and video examination services were provided in connection with the investigation.

THEREUPON after making due inquiry, the court finds that the defendant is required to pay the laboratory analysis fee, pursuant to K.S.A. 28-176. The court finds the defendant was convicted, adjudicated or diverted of _____ offenses in which exams were conducted, at a fee of \$400.00 for each offense, for a total amount of \$ _____. This fee shall be paid by the defendant to the clerk of the district court, and credited to the Kansas Bureau of Investigation Laboratory Analysis Fee Fund.

IT IS SO ORDERED.

On December 11, 2024, at approximately 10:43 AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent [REDACTED] received Lab Report #1 from KBI Agent Evidence Program Manager [REDACTED]

Lab Report #1 was a report from the Biology section of the KBI FORENSIC SCIENCE CENTER. According to the report, KBI Forensic Scientist [REDACTED] confirmed the DNA swabbed from the blood on the pistol that was in Roger GOLUBSKI'S hand when he was discovered by law enforcement, matched the known DNA sample collected from GOLUBSKI at his autopsy.

The pistol is a Smith and Wesson M&P 380 Shield with the serial number [REDACTED]

For further information, refer to Lab Report #1 which is attached to this report.

RESULTS AND CONCLUSIONS

Swab of staining on firearm (Lab Item 5)
Blood was indicated.

The DNA profile is consistent with the known DNA profile of Roger Golubski.

The estimated probability of selecting a random, unrelated individual from the general population whose DNA profile is consistent with the DNA profile obtained is:

<u>Population Database</u>	<u>Estimated Probability</u>
African American	1 in 691 nonillion
Caucasian	1 in 1 nonillion
Southeast Hispanic	1 in 266 octillion
Southwest Hispanic	1 in 54 octillion

Swab of textured areas of firearm (Lab Item 5)
The DNA profile is a mixture of DNA from at least two individuals. Roger Golubski and an unknown individual are included as being possible contributors to the mixture.

The estimated probability of selecting a random, unrelated individual from the general population who could be included as being a possible contributor to the mixed DNA profile is:

<u>Population Database</u>	<u>Estimated Probability</u>
African American	1 in 281 billion
Caucasian	1 in 2 trillion
Southeast Hispanic	1 in 803 billion
Southwest Hispanic	1 in 243 billion

Any further comparisons require that known oral swabs from any other suspect(s) or elimination subject(s) that may be developed in this case be submitted to the KBI Forensic Science Laboratory as soon as possible.

GENERAL METHODOLOGY

1. Items collected in the Evidence Description and/or in Results and Conclusions have not been examined for the presence of any biological material and will be included in the items for pickup by your agency at the completion of all testing.
2. Visual examination may include the use of an alternate light source (A.L.S.®).
3. Chemical testing may include phenolphthalein or acid phosphatase.
4. Immunological testing may include Human Hemoglobin or Prostate Specific Antigen (PSA).
5. A differential DNA extraction was performed. There are two separate processes that are performed to extract stains where seminal fluid may be present. The first process isolates that portion of a sample that may contain DNA from nucleated epithelial cells or white blood cells, and is known as the F1 fraction. The second process isolates that portion of a sample that normally contains DNA from spermatozoa and is known as the F2 fraction.
6. Amplification of extracted DNA was performed using the polymerase chain reaction and the GlobalStar[®] kit. Separation and visualization of the Short Tandem Repeat (STR) fragments were achieved using capillary electrophoresis.
7. Amplification of extracted DNA was performed using the polymerase chain reaction and the Yfiler[®] Plus kit. Yfiler[®] Plus specifically targets the Y-chromosome, which is found only in males. An individual's Y haplotype is passed directly from father to son and will be the same for all male paternal relatives. Separation and visualization of the Y Short Tandem Repeat (Y-STR) fragments were achieved using capillary electrophoresis.

STRmix[™] METHODOLOGY

- **Assumed contributors:**

A contributor is assumed when there is a reasonable expectation of an individual's DNA on his/her person, personal items, or other items based on information provided at the time of this report. This may also include the expectation of the presence of DNA from a known consensual sexual partner. If a likelihood ratio was calculated for an assumed contributor, the exact statistic can be found in the case file and/or provided upon request. Statistics are not generated for every assumed contributor.

- **Exclusions:**

The exclusion of an individual with a listed LR indicates that the genotypes of the individual (for at least one locus in the profile) are not represented in the interpretation evaluating the proposition that this individual and any assumed donors and random unrelated individuals (as applicable) are contributors.

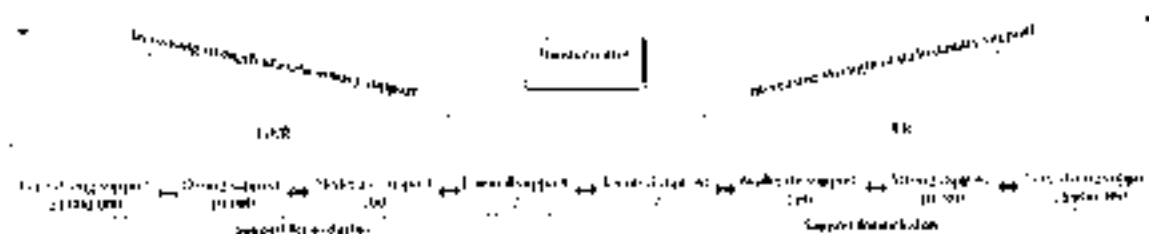

Statistical analysis was performed for this person of interest resulting in a likelihood ratio of 1/100 or less including an LR of 0. LR values of 1/100 (0.01) or less support rejecting a direct exclusion. The exact statistics can be found in the case file and/or provided upon request. Visual exclusions may also be made without generating an LR.

If a profile has the presence of a trace contributor, that portion of the profile is not suitable for comparisons. An individual may be excluded from the remaining interpretable (or suitable) portions of the profile.

- Likelihood Ratios (LRs):**

LRs assess the evidence under competing propositions/scenarios (H_1 and H_2) regarding the contribution of the DNA. Unless otherwise noted, the LR(s) referenced in this report are based on the assumption that each unknown contributor is unrelated to the named references used in this analysis. LRs were calculated across the three major US population groups (African American, Caucasian, and Hispanic) with the lowest LR being reported for each pair of propositions. Assigned verbal qualifiers in the results section are based on the lowest calculated proposition pairing.

LR for H_1 Support and 1/LR for H_2 Support	Verbal Qualifier
< 2	Uninformative
$2 - 99$	Limited Support
$100 - 9,999$	Moderate Support
$10,000 - 999,999$	Strong Support
$> 1,000,000$	Very Strong Support

- Verbal Qualifiers:**

As LRs increase in magnitude, the scale reflects stronger degrees of support. LRs occur on a continuum. The categories recommended here have been chosen in part based on the observation that **adventitious support for a proposition is most commonly observed within the Limited Support category** and generally not expected within the Very Strong Support category. Adventitious support is described as an LR > 1 for an individual whose DNA is not present in the sample or an LR < 1 for an individual whose DNA is present in the sample.

- Mixture Proportions:**

Mixture proportions (if reported) are approximations based on a single STRmix™ run and may vary under different proposition pairings. They represent the approximate percentages of DNA attributed to each contributor and are reported as a ratio (e.g., ~70/20/10). While a given individual may fit best as a particular mixture proportion for a single interpretation, the calculated LRs are based on an individual being a contributor to the mixture as a whole and not a specific contributor proportion.

- Trace contributor:**

A trace contributor is a DNA donor that is providing severely limited genetic information to the profile.

- Uninformative:**

This statistic is uninformative in providing support for or against the presence of DNA from the person of interest in the DNA profile. This is the value where there is equal (or nearly equal) support for both propositions in the likelihood ratio.

ENDNOTES

- Comparisons were made between all evidence samples from which a profile/male DNA haplotype was obtained and all known samples. A full, single source profile/male DNA haplotype was obtained from all known reference samples (unless otherwise noted). If no statement is made regarding a specific individual in the results and conclusions for an item, then that individual can be excluded as being a possible contributor to the profile/male DNA haplotype obtained.
- Unless otherwise noted, items listed in the Evidence Description and/or in the Results and Conclusions will be included in the items for pickup by your agency at the completion of all testing. These items are considered evidence and should be maintained as appropriate by your agency until no longer needed for prosecution or other purposes.
- As a part of the examination process, portions of evidence may have been removed by the KBI Forensic Science Laboratory and preserved in the form of "cuttings". These cuttings will be included in the items for pickup by your agency at the completion of all testing. The cuttings are considered evidence and should be maintained as appropriate by your agency until no longer needed for prosecution or other purposes.
- CODIS is a database consisting of DNA profiles generated from evidence in forensic cases and DNA profiles generated from offender samples. Profiles entered will be maintained and searched in accordance with state and national regulations on a regular basis. Should a match be generated or if the DNA profile is removed from the database, your agency will be notified.

Pursuant to K.S.A. 28-176

This matter comes before the court for consideration of a motion by the State of Kansas, through the undersigned attorney, for an order of court costs in the amount of \$400.00 per offense for forensic science or laboratory services or forensic computer examination services provided in connection with the investigation in this case. K.S.A. 28-176 provides that any person convicted or diverted, or adjudicated or diverted under a preadjudication program pursuant to K.S.A. 22-2906 et seq., 38-2346 et seq., or 12-4414, and amendments thereto, of a misdemeanor or felony contained in chapters 21, 41, or 65 of the Kansas Statutes Annotated, or a violation of K.S.A. 8-2,144 or 8-1567, shall pay a separate court cost of \$400.00 to the Kansas Bureau of Investigation for each offense in which forensic science or laboratory services, forensic computer examination services or forensic audio and video examination services were provided in connection with the investigation.

THEREUPON after making due inquiry, the court finds that the defendant is required to pay the laboratory analysis fee, pursuant to K.S.A. 28-176. The court finds the defendant was convicted, adjudicated or diverted of _____ offenses in which exams were conducted, at a fee of \$400.00 for each offense, for a total amount of \$ _____. This fee shall be paid by the defendant to the clerk of the district court and credited to the Kansas Bureau of Investigation Laboratory Analysis Fee Fund.

IT IS SO ORDERED.

KBI24-735/25

On December 11, 2024 at 5:31PM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] attempted contact with [REDACTED] via phone.

At 5:31PM, SA [REDACTED] received a call from [REDACTED] [REDACTED] advised her vehicle was broken into in 2022 in Kansas City, Missouri, and two of her firearms were stolen, one of them being a SMITH and WESSON M&P Shield.

[REDACTED] stated within the last few months, detectives made contact with her regarding one of the firearms being used in a homicide. At the time, she did not know which one of her to firearms they were referencing. SA [REDACTED] advised it could not have been the one that she was inquiring about because that firearm would be in the custody of the agency investigating the homicide. SA [REDACTED] asked [REDACTED] to contact her if she located the detectives' business card.

SA [REDACTED] contacted a detective with the KANSAS CITY MISSOURI POLICE DEPARTMENT (KCMOPD) and asked if [REDACTED] filed any reports regarding stolen firearms, but none were located.

KBI24-735/27

On December 2nd, 2024, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] responded to [REDACTED] Edwardsville, KS, to assist Senior Special Agent (SSA) [REDACTED] and SA [REDACTED] with a death investigation. Roger GOLUBSKI had been discovered deceased on the back porch of this residence by the EDWARDSVILLE POLICE DEPARTMENT earlier that morning.

After arriving at the scene, SA [REDACTED] met with SSA [REDACTED] and SA [REDACTED]. During the course of this investigation, a search warrant was obtained for the residence, [REDACTED] Edwardsville, KS. Two cellular phones were seized pursuant to the warrant, a SAMSUNG Galaxy A14, and GOOGLE Pixel 6a. These phones were collected by SA [REDACTED]. See report KBI24-735/12 for further details.

SA [REDACTED] subsequently obtained a search warrant on December 9th, 2024, to search both of these cellular phones. SA [REDACTED] provided a copy of the search warrant to SA [REDACTED] and requested he extract and search the phones. On December 13th, 2024, SA [REDACTED] utilized a Cellebrite UFED system to download and search both cellular phones. SA [REDACTED] was trained and certified to use the Cellebrite system for downloading and searching digital mobile devices.

After the data was extracted from the phones, he provided the data to SA [REDACTED] for further search and review. SA [REDACTED] attached a copy of the search warrant to this report. He also copied the extracted phone data onto a hard drive and logged it into KBI evidence.

Kansas Bureau of Investigation CMS
Investigative Report

KBI24-735/29

On December 19, 2024 at approximately 9:00AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] responded to the EDWARDSVILLE POLICE DEPARTMENT (EPD), located at 650 S 4th Street, Edwardsville, Kansas.

EPD Captain [REDACTED] provided a copy of case number P202401618, related to the death of Roger GOLUBSKI. The case included EPD officers dash and body cameras, narratives, crime scene log, KLER report, and photos.

The following is a synopsis of EPD officer's narratives.

On December 02, 2024 at 9:05AM, EPD Corporal (CPL) [REDACTED] responded to [REDACTED] Edwardsville, Kansas on a suicide involving a firearm. The EPD Fire Department arrived first on scene and led CPL [REDACTED] to the back porch where he observed a male with an apparent self inflicted gunshot wound to his right temple. The male was identified to be Roger GOLUBSKI and he was observed to have a black Smith and Wesson .380 firearm in his right hand. At this time, GOLUBSKI was still breathing and life saving measures were begun, however, GOLUBSKI was not able to recover from the injury and time of death was pronounced at 9:18AM.

On December 02, 2024, EPD Detective (DET) [REDACTED], responded to [REDACTED] Edwardsville, Kansas, and photographed the crime scene.

On December 02, 2024 at approximately 9:05AM, EPD Officer (OFC) [REDACTED] responded to [REDACTED] Edwardsville, Kansas on a possible suicide. OFC [REDACTED] made contact with Lorene SMITH who identified herself as GOLUBSKI'S best friend. OFC [REDACTED] observed GOLUBSKI slumped over in a sitting position on the back porch with an apparent gunshot wound to his right temple.

SMITH told OFC [REDACTED] that she woke GOLUBSKI up at approximately 6:00AM to get ready for his federal court case in Topeka, Kansas. SMITH last saw GOLUBSKI at approximately 8:30AM when she assisted him in putting on a neck tie. GOLUBSKI made comments of dreading going to court and that he left letters for her and others he wanted them to read. GOLUBSKI left and SMITH stated she went back to bed, but was awakened by the sound of a single gunshot. She walked into the kitchen and observed GOLUBSKI deceased through the sliding back door and called 911.

SMITH provided OFC [REDACTED] with the letters, which were located in the kitchen and bedroom in a drawer. SMITH said GOLUBSKI had a history of making suicidal statements to include, "I can't go to jail, I'll just eat my gun".

Investigative Report

KBI24-735/31

On December 20, 2024, at approximately 8:08 AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent [REDACTED] received Lab Report #3 from KBI Agent Evidence Program Manager [REDACTED]

Lab Report #3 was a report from the Firearms section of the KBI FORENSIC SCIENCE CENTER. According to KBI Forensic Scientist [REDACTED] "the Smith & Wesson 380 Auto caliber pistol, Laboratory Item 5, was examined, test fired, and found to be a functional firearm." Additionally she wrote, "Through macroscopic/microscopic examination and based on agreement of discernible class characteristics and sufficient corresponding individual detail, the fired 380 Auto caliber cartridge case, Laboratory Item 9, was identified as having been fired in the Smith & Wesson 380 Auto caliber pistol, Laboratory Item 5."

The pistol is a Smith and Wesson M&P 380 Shield with the serial number [REDACTED]

Lab Item #9 was the cartridge case collected at the scene near Roger GOLUBSKI.

For further information, refer to Lab Report #3 which is attached to this report.

On July 1, 2002, the Kansas Legislature amended K.S.A. 28-576, requiring the KBI Laboratory to collect a \$400 fee from defendants convicted in cases in which the KBI performed an analysis. The purpose of the law is to require defendants to pay for the cost of the examination. This fee is in addition to any other court costs or fees assessed in the case.

The fees collected are used for providing laboratory services, purchase and maintenance of equipment, education, training and scientific development of lab personnel and for use in the destruction of seized property and chemicals.

The KBI appreciates your assistance in notifying prosecutors that this fee shall be included in any plea agreement or upon conviction. Enclosed is a suggested sample order of court costs for laboratory fees which can be utilized to formulate the court order.

**THE ATTACHED ORDER OF COURT COSTS FOR
LABORATORY FEES MUST BE FORWARDED TO THE
PROSECUTING COUNTY/DISTRICT ATTORNEY**

IN THE DISTRICT COURT OF Wyandotte COUNTY, KANSAS

STATE OF KANSAS

vs

Case No.

ORDER OF COURT COSTS FOR LABORATORY FEES

Pursuant to K.S.A. 28-176

This matter comes before the court for consideration of a motion by the State of Kansas, through the undersigned attorney, for an order of court costs in the amount of \$400.00 per offense for forensic science or laboratory services or forensic computer examination services provided in connection with the investigation in this case. K.S.A. 28-176 provides that any person convicted or diverted, or adjudicated or diverted under a preadjudication program pursuant to K.S.A. 22-2906 et seq., 38-2346 et seq. or 12-4414, and amendments thereto, of a misdemeanor or felony contained in chapters 21, 41, or 65 of the Kansas Statutes Annotated, or a violation of K.S.A. 8-2,144 or 8-1567, shall pay a separate court cost of \$400.00 to the Kansas Bureau of Investigation for each offense in which forensic science or laboratory services, forensic computer examination services or forensic audio and video examination services were provided in connection with the investigation.

THEREUPON after making due inquiry, the court finds that the defendant is required to pay the laboratory analysis fee, pursuant to K.S.A. 28-176. The court finds the defendant was convicted, adjudicated or diverted of _____ offenses in which exams were conducted, at a fee of \$400.00 for each offense, for a total amount of \$ _____. This fee shall be paid by the defendant to the clerk of the district court, and credited to the Kansas Bureau of Investigation Laboratory Analysis Fee Fund.

IT IS SO ORDERED.

On December 30, 2024, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] reviewed the contents of Roger GOLUBSKI'S Galaxy A14 5G phone.

The phone number was identified to be [REDACTED].

A majority of the messages and phone calls were scams and nothing was located in December. The only constant calls were incoming and outgoing calls to "Boobaby" (Lorene SMITH) and "Mr. G" (Matthew GOLUBSKI).

SMITH is GOLUBSKI'S roommate and Matthew GOLUBSKI is his son.

The image and video sections were filled with stock photos.

Nothing of evidentiary value was located on the phone.

FORENSIC PATHOLOGIST: [REDACTED] M.D.

PATHOLOGICAL DIAGNOSIS

Penetrating, contact range gunshot wound of head:

Wound of entrance:

Right frontal-temporal scalp. Soot and circumferential abrasions are visible. Stippling is not visible. Anterior and lower aspect of the wound has a 1/4-inch abrasion.

Wound path:

Skin soft tissue right frontal-temporal scalp, inwardly beveled fracture right frontal-temporal bone, dura, right frontal lobe, longitudinal fissure, and left parietal and temporal lobes.

Wound of exit:

None.

Projectile recovery:

Fragmented projectile is recovered along the gunshot wound path from the brain.

Wound direction:

Right to left and slightly front to back.

Associated injuries:

Laceration right frontal-temporal scalp.

Laceration brain and dura along the gunshot wound path.

Comminuted fractures calvarium and anterior and middle cranial fossae basilar skull.

Contusion left lateral orbit.

Blood exuding from nose.

Shot self

CAUSE OF DEATH: Gunshot wound of head

MANNER OF DEATH: Suicide

IDENTIFICATION: Identification is present on the body.

CIRCUMSTANCES/HISTORY: Please see investigative report.

ATTENDEES:

Forensic Technician [REDACTED]

LAW ENFORCEMENT AGENCY: None.

DESCRIPTION OF AUTOPSY FINDINGS

CLOTHING AND PROPERTY:

Blue jacket, blue shirt, undershorts, black pants with belt, dark red-black shoes, and blue socks. Front of the shirt, sleeves of the jacket, upper aspect of the front of pants are blood stained. See separate personal effects report for complete list. The deceased is wearing an ankle monitor on the right ankle. This is recovered as evidence.

EXTERNAL EXAMINATION

The body is that of a well-developed, obese body habitus, adult male, whose appearance is appropriate for the reported age. The body is cold to touch due to refrigeration.

Rigor mortis is fully developed in generalized. Livor mortis is red, posterior and does not blanch with pressure.

The scalp has short white hair. The irides are brown. The sclerae and conjunctivae are clear and pale.

The nose and ears are not unusual. The mouth has natural teeth. The tongue appears unremarkable.

The deceased wears a long white hair mustache.

The neck is unremarkable. The thorax is well-developed and symmetrical. The chest has increased anterior posterior diameter. The abdomen is obese. The anus and back are unremarkable.

External genitalia are those of a normal adult male.

Fingernails are medium in length and cyanotic. Toenails are medium in length, pale and well-kept. Right hand and fingers have blood spatter and smudged blood. Left hand and fingers have slight smudged blood.

The upper and lower extremities are well-developed and symmetrical. Bilateral legs have stasis pigmentation and pedal edema. Left arm has [REDACTED] with red purple contusion of the overlying skin.

IDENTIFYING MARKS:

Mid chest has a vertical, well-healed surgical scar.

EVIDENCE OF MEDICAL INTERVENTION:

Cardiac monitor pads are on the ankles and left wrist.

EVIDENCE OF INJURY:

Penetrating, contact range gunshot wound of head:

Wound of entrance:

Right frontal-temporal scalp has a 1/2-inch round gunshot wound surrounded with soot and circumferential abrasion. Stippling is not visible. Anterior and lower aspect of the wound has a 1/4-inch abrasion.

Wound path:

Skin soft tissue right frontal-temporal scalp, inwardly beveled fracture right frontal-temporal bone, dura, right frontal lobe, longitudinal fissure, and left parietal and temporal lobes.

Wound of exit:

None.

Projectile recovery:

Fragmented projectile is recovered along the gunshot wound path from the brain.

Wound direction:

Right to left and slightly front to back.

Clothing:

Accompanying clothes are not involved.

Associated injuries:

Laceration right frontal-temporal scalp.

Laceration brain and dura along the gunshot wound path.

Comminuted fractures calvarium and anterior and middle cranial fossae basilar skull.

Contusion left lateral orbit.

Blood exuding from nose.

Most of the injuries mentioned once will not be repeated.

INTERNAL EXAMINATION:

The internal organs are of normal anatomic distribution. The chest is status post cardiac surgery and has adhesions of pericardium and heart. No abnormal fluid collections are seen in thoracic and abdominal cavities. The chest panniculus adiposis is 3.0 cm in maximum thickness. The abdominal panniculus adiposis is 5.0 cm in maximum thickness.

Internal organ weights:

Heart: 790 g

Right lung: 480 g

Left lung: 480 g

Liver: 1960 g

Spleen: 140 g

Right kidney: 180 g

Left kidney: 220 g

Brain: 1240 g

CARDIOVASCULAR SYSTEM:

The heart is enlarged and has extensive adhesions. The pericardial sac has adhesions. The epicardium is unremarkable. Coronary arteries arise normally with severely significant atherosclerotic stenosis of the native arteries. The heart is status post multiple coronary artery bypass grafts which follow the distribution of right and left coronary arteries. The grafts are patent.

The chambers and valves have the usual size and position relationship. Bilateral ventricles are dilated. The right ventricle wall thickness is 0.4 cm. The left ventricle thickness is 1.5 cm. Interventricular septum thickness is 1.5 cm. The myocardium is uniform red-brown and has a 1.5 cm fibrotic area in the lateral wall of left ventricle. Subaortic myocardium has vague white nodules. The atrial and ventricular septae are intact.

The aorta and its major branches arise normally and follow the usual course with moderate to severely significant atherosclerosis. The aorta has 3 sutured coronary artery bypass grafts holes. The vena cava and its major tributaries are thin-walled and patent in the usual distribution.

RESPIRATORY SYSTEM:

The right lung has three lobes. The left lung has two lobes. The tracheobronchial tree is patent, and the mucosal surfaces are intact with non-obstructive lumen. Pleural surfaces are translucent, smooth, glistening and have some anthracosis.

The pulmonary parenchyma is dark red-purple and exudes moderate amounts of blood and frothy fluid.

Pulmonary arteries and veins are normally developed and patent.

DIGESTIVE/HEPATOBIILIARY SYSTEM:

The esophagus is lined by intact tan-white smooth mucosa with hyperemic mucosa at the gastroesophageal junction. The gastric mucosa is flattened by autolysis and the lumen contains 750 ml of light gray-brown fluid and partially digested food which includes vegetables and corn. Some gastric contents are recovered as specimen. The small and large intestines are unremarkable and normally positioned. The mesentery and omentum appear unremarkable. The colon contains formed stool.

The pancreas has the usual tan lobulated appearance, and the ducts are clear.

The liver has a smooth, intact capsule covering red brown parenchyma. The gallbladder is thin-walled and contains yellow green liquid bile.

ENDOCRINE SYSTEM:

The pituitary gland and adrenal glands are unremarkable. The thyroid gland is tan brown and unremarkable.

GENITOURINARY SYSTEM:

The kidneys are normal shaped. The capsules are smooth, thin, semitransparent, and strip with ease from the underlying, red brown, coarsely granular cortical surfaces. The cortices are indistinctly delineated from the red-brown medullary pyramids. The calyces, pelvis and ureters are unremarkable.

The urinary bladder contains 250 ml of urine, the mucosa is gray, tan, trabeculated and intact.

The prostate is enlarged and nodular. Bilateral testes are dissected. They are grossly unremarkable. A soft, lipomatous nodule is visible in the proximal segment of the right spermatic cord.

HEMATOPOIETIC SYSTEM:

The thymus is atrophic. The spleen has a smooth intact capsule covering soft red-purple parenchyma. The regional lymph nodes have the usual distribution and appearance. The bone marrow (rib ends) is red-brown and homogeneous without focal abnormality.

MUSCULOSKELETAL SYSTEM:

The bony framework, supporting musculature and soft tissues are not unusual.

NECK:

Examination of the soft tissues of the neck, including strap muscles and large vessels, reveals no abnormalities. The hyoid bone and larynx are intact. Tongue is unremarkable on sectioning.

NERVOUS SYSTEM:

The brain has subarachnoid hemorrhage and is lacerated along the gunshot wound path. The dura is lacerated along the gunshot wound path. The dura mater and falx cerebri, and the leptomeninges are otherwise thin and delicate. The cerebral hemispheres, structures of the base of the brain, including cranial nerves and blood vessels, are covered with subarachnoid hemorrhage. Sections of the cerebral hemispheres are lacerated along the gunshot wound path. The cerebral ventricles are of normal caliber, containing hemorrhagic cerebrospinal fluid. Sections through the brainstem and cerebellum are otherwise unremarkable.

MICROSCOPIC DESCRIPTION:

Microscopic examination was not performed. Representative samples of tissue have been fixed in formalin for further examination, if necessary.

TOXICOLOGY RESULTS:

Postmortem specimens are collected and submitted for toxicology. Please see separate report for full details.

SPECIAL STUDIES:

Radiograph of head and neck shows fragmented projectile in the skull. These are recovered as evidence at the time of autopsy.

EVIDENCE COLLECTED:

Ankle monitor, fragmented projectile from brain and standard evidence are collected. See separate evidence report.

SUMMARY OF CASE/OPINION:

The deceased had reported history of suicidal ideation and was found with a self-inflicted gunshot wound to the head.

At examination the significant findings were contact range, penetrating gunshot wound of head. Postmortem toxicology has no significant positive findings.

Based on the above information available to me at this time it is my opinion that the cause of death is due to gunshot wound of head.

The manner of death is suicide.

KBI24-735/36

On January 23, 2025, at approximately 11:30AM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED] contacted SNAP SHOT GUN SHOP, via phone.

The SMITH AND WESSON M&P Shield (Serial# [REDACTED]), possessed by Roger GOLUBSKI on the date of his suicide, December 02, 2024, was run through ATF E-Trace. The firearm returned to the last known owner, [REDACTED] whom purchased the firearm from SNAP SHOT GUN SHOP, located at 2001 Clay Street, North Kansas City, MO, on May 05, 2021.

SA [REDACTED] contacted "Brian" who advised ownership changed on January 01, 2024 and was purchased by NKC TACTICAL. SA [REDACTED] inquired about any purchases by [REDACTED] but he could only check the last 12 months, to which he advised no purchases were completed by [REDACTED] but he did recognize the name. He advised all purchase records were turned over to the BUREAU OF ALCOHOL TOBACCO AND FIREARMS (ATF).

Brian did not wish to provide any other identifying information about himself over the phone.

On January 28, 2025, SA [REDACTED] contacted the KANSAS CITY KANSAS POLICE DEPARTMENT (KCKPD) and inquired whether [REDACTED] filed any reports regarding a theft of a firearm from a vehicle, and none were located.

Kansas Bureau of Investigation CMS
Investigative Report

KBI24-735/38

On January 30, 2025 at 2:32PM, KANSAS BUREAU OF INVESTIGATION (KBI) Special Agent (SA) [REDACTED], responded to JOSEPH, HOLLANDER & CRAFT LLC, located at 10104 W 105th Street, Overland Park, Kansas.

JOSEPH, HOLLANDER & CRAFT LLC, was the law firm representing Roger GOLUBSKI. SA [REDACTED] contacted GOLUBSKI'S attorney, Christopher JOSEPH, so she could return GOLUBSKI'S phones (Lab Items 6&7), seized during a search warrant on December 02, 2024.

JOSEPH provided his law office in Overland Park, Kansas, which is located the closest to GOLUBSKI'S son.

SA [REDACTED] provided the phones to an employee of the law firm, Laura ROY. She was also provided a copy of the ECR, at her request.

On February 10, 2025 at 9:31AM, SA [REDACTED] returned Lab Item 2 (Ankle Monitor) to [REDACTED] GOLUBSKI'S pre-trial supervision officer with FEDERAL PROBATION AND PAROLE.
