

# SIMPLE STEPS TO GROWTH

## 1 FIND A HOME

You really cannot do this stuff alone, you need be part of a community that is safe and healthy. We would like to think it is our School but we urge you to find a home where you can ask anything, practise and keep growing with others.

## 2 SET TARGETS

It may not be the most obvious thing to consider but setting targets with God can really help! He can direct you if you 'over-reach', but we are invited to prophesy according to our faith. So, what are your faith targets in terms of your gifting?

## 3 DISCOVER

Discover how YOUR gift 'works'. How it comes to you, where it fits, how it is expressed. Where it is weak and where you can strengthen it by our Father's grace.

## 4 BE AN ATHLETE

Athletes will tell you that without practise they will quickly become sluggish. We need to have opportunities to keep our gifts on top form. Find somewhere that you can keep training. For the sake of the Kingdom.

LOVE -  
DESIRE  
PROPHECY**

## 5 KEEP GOING

Finally! You can do far more than you currently think is possible! Just ask any of our own StretchCo. Ask God to keep growing you and don't allow the enemy to contain you. But...do it all in love.
