

Going Deeper

Tools to help you reflect and apply what you learn from sermons and personal Bible study

At New City, we want you to go deeper as you grow in your knowledge of truth. Each week, we develop a resource for individuals or groups to have further reflection on the week's sermon. To access the **Sermon Discussion Guide**, [download the New City App](#).

If you want to study the Bible further on your own, we encourage you to walk through the RightNow Media study, [*How to Read and Study the Bible for Yourself*](#). You can request an invitation to New City's RightNow Media library [here](#).
