

Dual-Spotter™ Gun

Aluminum & Steel Stud Gun Kit

UNI-9700

Professional Dual-Spotter™ dent pulling gun for aluminum and steel panels. Hand-held gun has adjustable output power with LED display and 15' torch cable to ETL Certified 115-volt (charging) power supply with output status LEDs, circular connector and lighted power switch. Compact stud gun comes with collets & earth ground legs for both steel and aluminum studs with weld-tip lever (pulling) arm for small dings. All items are included in a heavy-duty pelican style storage case with laser cut foam.

Input Power	115VAC @ 0.8 Amps
Output Power	2250A / 70,000Uf
Dimensions	21" X 9.5" X 19"
Weight	27.8 Lbs. (12.6 Kgs)

Specifications subject to change without notice.

UNI-9700 INCLUDED ITEMS

UNI-9705	Mini dent stick weld-tip lever puller
UNI-9706	Tip holder steel key tabs
UNI-9718	Earth ground rod for aluminum (2x)
UNI-9719	Earth ground rod for steel
UNI-9722	Tip holder steel stud 2.2mm pins
UNI-9804	Tip holder aluminum M4
UNI-1142	Stud aluminum Al/Mg M4 x 16 (10x)
UNI-1242	Stud aluminum Al/Si M4 x 16 (10x)
UNI-1061	Key tab steel - Straight (10x)
UNI-1062	Key tab steel - Twisted (10x)
UNI-1001	Stud pin steel 2.2mm (10x)
UNI-2004	Tab key ring - M4 fixed (10x)

Dual-Pro™ System & Station

UNI-9802 Aluminum & Steel Dent Repair Welder

Why tie up your investment with two separate systems? Patented Dual-Spotter™ technology allows for both steel and aluminum repair jobs. The 115V power supply allows system to be used anywhere in the shop. Custom power settings allows user to set panel thickness and stud diameters on both steel and aluminum dent pulling applications. Quickly change dedicated torches and grounds to work with both aluminum and steel studs, steel tabs, wiggle wire, and exclusive weld-tip slide hammer. No chance for cross-contamination of metals!

Input Power	115VAC @ 8 Amps	Dimensions	17" X 9" X 1.5"
Output Power	3000A / 90,000Uf	Weight	75 Lbs. (34 Kgs)

UNI-9802 INCLUDED ITEMS

UNI-9802	Dual-Pro™ 2.0 stud welder	UNI-2110	Spot tip wiggle wire
UNI-1001	Stud pin steel 2.2mm	UNI-9523	Key tab holder
UNI-1002	Stud pin steel 2.6mm	UNI-9516	Slide hammer w/weld-tip
UNI-1004	Spot tip stud pin	UNI-9521	Slide hammer 4-F claw
UNI-1005	Spot tip molding rivet	UNI-9524	Tip holder shaft
UNI-1061	Key tab steel - Straight	UNI-9600	Key tab shooter
UNI-1062	Key tab steel - Twisted	UNI-9804	Tip holder aluminum M4
UNI-2040	Tab key ring - M4 swivel	UNI-9806	Tip holder aluminum M6
UNI-2060	Tab key ring - M6 swivel		

UNI-9862 Aluminum & Steel Dent Repair Station

Dent station includes UNI-9862 Dual-Pro™ system with additional components and tools, in heavy-duty 5-drawer cart, to complete dent repairs on all types of aluminum or steel panels.
