Medium Found textiles and embroidery on paper

#### CONSERVATION CONSIDERATIONS

- Important conservation issues specific to this work are in bold
- Please keep all of the packaging and labels supplied with this work for future transit and the next recipient.

Storage	This work should be hung from the rear wire or from two points on the rear top of the frame.
Transit	This framed work should be covered in bubble wrap.
Light	This artwork should not be placed in direct sunlight as this can cause the fabric elements to fade.
Temperature Humidity	Stable. Higher humidity levels will attract insects. High temperatures could deteriorate the cotton rag paper (warping) and fabric.
Structural Fragility	This is a framed work protected by glass. The surface could be scratched or the glass broken which could damage the surface.
Maintenance	Clean the glass and frame with a microfibre cloth or soft brush.
