

ARTIST JOAN ROSS

Title *Shopping for butterfly, 2024*

Dimensions 106 x 102.5 x 4 cm (framed)

Medium hand-coloured pigment print on rag paper, unique state print

#### CONSERVATION CONSIDERATIONS

- Important conservation issues specific to this work are in bold
- Please keep all of the packaging and labels supplied with this work for future transit and the next recipient.

Installation	It should be hung or positioned securely by the two hanging plates attached to the top of the frame. Two screws should be positioned 20mm from the inside of the left and right side of the frame, making it easy to lower the work onto the screws. If you have a hanging system, it is simple to use two wires to attach to the holes in the plates to hang.
Transit	This work should be wrapped in Tyvek and/or bubble wrap
Light	Works on paper are very sensitive to light. This work must not be placed in direct or strong ambient light. Exposure to too much light can result in paper discolouration and fading of inks/pigments.
Temperature Humidity	Works on paper are very sensitive to changes in temperature and humidity. Cotton rag paper will expand and contract with fluctuations in humidity and high humidity can warp the paper and encourage mold outbreak.
Maintenance	Dusting with microfibre cloth or soft brush
